It's Mutual

With no lack of enthusiasm, Senator Joseph McCarthy reaches with both hands as he greets smiling Madame L. K. Wellington Koo, wife of the Chinese ambassador at a Washington reception. "It's so nice to see you again," said the Communist-hunting Republican senator from Wisconsin. Madame Koo and her husband were hosts at the reception in honor of Major Gen. Chiang WeiKuo, center, son of Generalissimo Chiang Kai-shek.

Un-American Activities Committee to Join Probe of Schools

Washington, Feb. 28 (AP)—Congressional sources revealed today the House Un-American Activities Committee will join forces shortly with the Senate Internal Security Committee in searching out Reds-in-education.

Investigators for the House and Senate groups, it was learned have been working together for some weeks.

There was talk of White House participation in working out cooperation between the Senate committee, headed by Sen. Jenner (R.-Ind.), and the House committee, headed by Rep. Velde (R.-Ill.).

A statement, made public by the office of Rep. Ostertag (R.-N.Y.), quoted Rep. Velde as saying that a plan of "coordination and cooperation" had been developed in conferences with Jenner, Chairman McCarthy (R.-Wis.), of the Senate Government Operations Committee, the FBI and the administration, represented by Maj. Gen. W. B. Persons, White House liaison aide."

Spoke of Plan

There was no elaboration. Jenner was quoted as having spoken of the plan in reply to a question posed at him as a guest on Ostertag's local television program last night in Rochester, N. Y.

In Washington a spokesman who didn't want to be named said joint hearings probably will be held soon.

Both groups are probing for Communist subversion in America's schools and colleges.

The development came after Velde's un-American activities group decided to recommend prosecution of an uncooperative witness for contempt of the House.

Velde reported that Barrows Dunham of Cynwyd, Pa., refused to answer questions put to him in a closed session yesterday.

Dulles Promises Shakeup of State Department Throughout

New York, Feb. 28 (AP)—Sen. McCarthy (R-Wis) planned a one-day stand here today in his investigation of alleged sabotaging of the State Department's "Voice of America" propaganda program.

McCarthy contends the broadcasts, intended to counter Communist propaganda, sometimes have sounded "like the voice of international communism."

He declined to name in advance witnesses to be heard behind closed doors and in public session later. He plans to shift the inquiry to Washington Monday.

Today's public hearing in New York will be televised nationally over the NBC network beginning at 3 p. m.

Voice Not U. S. Help

McCarthy's investigation parallels to some extent one being run by a Senate Foreign Relations Subcommittee. Sen Hickenlooper (R-Iowa), chairman of that group, said yesterday his preliminary studies show "no question that the 'Voice' has not been as effective as it should.

Secretary of State Dulles yesterday told a news conference the whole State Department needs a reorganization.

Monaghan Going Before Congress to Explain About FBI

New York Commissioner Is Called to Tell Police Side in Brutality Investigation

New York, Feb. 28 (AP)—Police Commissioner George P. Monaghan was called today before congressmen seeking to determine whether New York's police were illegally exempted from FBI scrutiny of alleged brutality.

Monaghan and Chief Inspector Conrad H. Rothengast, the force's top line officer, were listed as witnesses as a House Judiciary Subcommittee prepared to resume pubic hearings.

The subcommittee is investigating reports that New York police and the U. S. Justice Department had an agreement last year sparing local police questioning by the FBI in complaints of brutality. Federal civil rights procedure provides that the FBI probe such cases.

Since reports of an agreement were first aired publicly about two weeks ago, Monaghan has repeatedly said the police had no such agreement with the Justice Department.

However, the first witness to appear before the subcommittee at its opening session yesterday said Monaghan had told him personally last Nov. 12 that former Assistant U. S. Attorney General James McInerney had agreed to let New York police make their charges.

Says Permission Refused

The witness—Assistant U. S. Attorney Daniel H. Greenberg—said Monaghan four times refused the FBI permission to question policemen charged with beating a Negro truck driver last August.

Greenberg also mentioned Rothengast, saying the chief inspector signed a report on the New York police force's investigation of the brutality complaint. Greenberg said the report was "virtually worthless, glossing over the entire case, without detail—a complete whitewash."

Another witness yesterday was First Deputy Police Commissioner Frank Fristensky, Jr., who testified that he asked the Justice Department to keep out of alleged brutality cases until the Police Department had submitted its own report in such cases.

Only Scattered Clashes Are Reported in Areas Along Battlefront

Seoul, Feb. 28 (AP)—The heavy U. S. cruiser Los Angeles steamed boldly into Wonsan harbor today and began what the navy described as a "heavy bombardment" of the battered Communist port on the northeast Korean coast.

The navy's brief announcement of the continuing bombardment said navy planes were spotting guns and storage targets for the eight-inch guns of the cruiser.

(There was no explanation immediately as to whether the action was significant. However, Far East naval headquarters barely reports on a continuing action.

(The U. S. battleship Missouri and American carrier planes walloped the charred port Thursday but that was not announced by the navy until Friday. Wonsan has been shelled daily by U. S. and allied naval units since Feb. 15, 1951—the longest seige in U. S. naval history.)

Scattered Clashes

Only scattered clashes were reported along the battlefront.

On the western front, 43 Reds were slain in two patrol fights—one near Panmunjom, site of the suspended truce-talks. Patrol fighting broke out east of the town, with both sides calling in reinforcements.

An allied patrol fought off a Chinese raiding party, killing 30 Reds and wounding 10.

A midnight patrol—reportedly checking on a "mystery woman" who paraded along the Communist western lines Friday afternoon—was attacked from behind by about 40 Reds and fought its way out. Thirteen Chinese were reported killed and 11 wounded.

Allied air strikes were reduced to a minimum by low clouds. But last night a dozen B-29 Superforts from Okinawa slammed 120-tons of bombs on Red supply areas near the North Korean capital of Pyongyang.

B-26 light bombers blasted sections of the battlefront.

The air force reported four allied warplanes—two B-26 bombers and two F-84 Thunderjets—went down over North Korea last week, but all were lost to "other causes" than air combat or ground fire. Presumably the planes had mechanical trouble.

The air force said U. S. Sabre jets destroyed four Communist MIGs, probably destroyed three and damaged six during the week—without loss to themselves.

It brought to 573 the total MIGs reported destroyed as against 51 Sabres.

Dewey Extends Road Study Group on Gas Tax Questions

Albany, Feb. 28 (AP)—A temporary state commission has until next Feb. 1 to report to the Legislature on a possible boost in the state's gasoline tax and other ways to finance an expanded highway program.

Gov. Dewey signed a bill last night continuing the 13-member Highway Financing Commission another year, and continuing its $25,000 appropriation.

The group, headed by Charles H. Diefendorf of Buffalo, was created by a 1952 law, but Dewey did not appoint its members until last Nov. 9.

There is no doubt the agency will study the possibility of increasing the gasoline tax.

A two-cent boost for each gallon was suggested this week by Republican legislative leaders at party conferences. Individual lawmakers were urged to sound out the sentiment of their constituents.

The two-cent plan, advanced originally by GOP Leader Arthur H. Wicks in the Senate, stirred criticism from some fellow legislators and from segments of the petroleum industry.

In the face of the objections, the GOP leaders expressed doubt they would press for the boost this year.

Meanwhile, the president of a taxpayers' organization said any idea of adopting a gasoline-tax boost this year was "putting the cart before the horse."

Garth A. Shoemaker of Elmira, president of the Citizens Public Expenditure Survey Inc., urged in a statement that any increase be delayed until the temporary commission made a thorough survey of the construction and rebuilding needs of state nighways.

After that he said, the com-

Support for Eisenhower in Soviet Stand Shows Senate Favors Him

Washington, Feb. 28 (AP)—The Senate's 79 to 0 vote for a resolution condemning Russian persecution of Jewish and other minorities points toward similar overwhelming support for President Eisenhower's denunciation of the Soviet's "subjugation of free peoples."

The Senate was as unanimous as it ever gets in formally criticizing "the vicious and inhuman" persecutions by Russia and its satellites of ethnic and religous groups.

Fifteen of 17 absent senators sent word they would have voted for the resolution, leaving only Sens. Gordon (R-Ore) and Jenner (R-Ind) not officially recorded.

Protests Persecution

As approved yesterday, the resolution put the Senate on record as asking the President to appeal to the United Nations for "suitable" action against Soviet acts of persecution. The resolution needs no action by the House.

Specifically the measure protested the persecution of Greek Orthodox congregations; imprisonment of Roman Catholic prelates; harassment of Protestant denominations; suppression of Moslem communities; persecution of the scattering of racial groups in Poland, the Ukraine, in Balkan and Baltic states, and the "increasing persecution" of the Jews.

Originally directed only at Russian persecution of the Jews, the resolution was broadened at the suggestion of the State Department to include other groups as part of the administration's war of nerves against the Communists.

Taft Sees Approval

Sen. Taft of Ohio, the Republican leader, said he believes the Senate will give speedy and overwhelming approval next week to a resolution condemning Soviet violations of World War 2 agreements "which have been perverted to bring about the subjugation of free peoples." It also expresses hope for liberation of Iron Curtain nations.

The House Foreign Affairs Committee unanimously approved the resolution yesterday in the exact form in which it was submitted to Congress by President Eisenhower. It will be ready for House action next week.

Taft said, however, that some changes may be made in the wording to make it clear the resolution does not affirm any of the wartime agreements, which never were submitted to Congress.

Jelke Is Convicted In N. Y. Vice Trial

New York, Feb. 28 (AP)—Minot (Mickey) Jelke, society playboy and heir to margarine millions, was convicted last night on two of three counts charging him with compulsory prostitution.

The all-male jury recommended mercy for the 23-year-old defendant, whose counsel immediately announced he would appeal the verdict.

The blue ribbon panel deliberated less than five hours to reach a decision, culminating a 25-day trial featuring closed door prosecution testimony by admitted call girls who plied their trade in cafe society circles.

General Sessions Judge Francis L. Valente scheduled sentencing for March 20. Jelke, pale and shaken by the verdict, was remanded to City Prison pending his possible release next week on bail.

He faces a maximum of 40 years in jail, 20 years on each count.

Chaplin Is Silent On Future Plans

Film Comedian Seems Not to Have Intention of Returning to U. S.

Vevey, Switzerland, Feb. 28 (AP)—Comedian Charles Chaplin, facing immigration examination if he attempts to return to the United States, is going through all the motions of making Switzerland his permanent home. The British actor has refused thus far, however, to announce publicly his plans for the future.

Chaplin has been living with his family since the end of last year in the 18th century manor house of Ban in the neighboring village of Corsier. Local press reports that the famous screen star purchased the 15-room mansion outright have never been denied.

Nor have other reports circulating in the last few weeks—that Chaplin has retired, that he is planning a new film—drawn any comment from the 63-year-old actor.

Whatever his long range plans may be, Chaplin appears to have no immediate intention of returning to the U. S., where he would have to prove at an immigration service that he is admissible under American alien laws.

Wife Made Fast Trip

Chaplin's wife, Oona, went on a lightning trip back to the United States shortly after the family arrived in Switzerland last year. American and British press reports then said Chaplin had sent her to Hollywood to arrange final disposal of their house and other

Support Moves Are Announced to Stabilize Levels

Washington, Feb. 28 (AP)—A new sag in farm prices—the sixth drop in as many months—added new fuel today to the sizzling dispute between Republicans and Democrats about who is to blame and what to do.

The Agriculture Department yesterday officially announced a decline of 1.48 per cent from mid-January to mid-February which put levels 8.84 per cent below a year ago.

This decline—plus a defense of Republican farm policies and of Secretary of Agriculture Benson—touched off a lively exchange of verbal brickbats in the Senate late yesterday.

Secretary Benson announced several price-support moves expected to stabilize the farm price levels.

He said the department for another year will continue to support butter and other dairy products at 90 per cent of parity.

Parity is a price officially declared to be fair to farmers in terms of what they must buy.

To Back Corn, Rice

The Agriculture Department announced also that it will support this year's corn crop at a national average of $1.58 a bushel, two cents below last year's support, and rice at $4.84 a hundred pounds, down 20 cents from last year.

Sen. Bridges of New Hampshire, ranking Republican and Appropriations Committee chairman, started the Senate wrangle by blaming recent Democratic administrations for lower farm prices and income and unmanageable surpluses."

He said the new Eisenhower administration and Secretary Benson would "restore again to American agriculture stability, freedom of action and local control."

Blames Democrats

Bridges said the Democratic administration allowed 142 carloads of government corn to spoil when it could have been used by drouth-stricken cattle feeders in the southwest.

"If the same conditions exist in the storage of other commodities, the cost to the American taxpayer will run into the billions of dollars," Bridges said.

Then the Republican spokesman hit hard at proposals by many Democrats to lift the level of government price props.

"The best informed sources indicate that these (farm) prices are not likely to drop much lower," Bridges said.

Instant Protests

These remarks drew instant protests from Democrats, with Sen. Humphrey (D.-Minn.) and Kerr (D.-Okla.) leading the attack.

"There is a depression in the making," Humphrey said, adding that farm prices were off 11 points while consumers food costs had dropped less than 2 per cent.

"This is the beginning of the repudiation of a campaign pledge," Humphrey continued, after contending that during the last election campaign President Eisenhower promised farmeds 100 per cent parity.

Bridges was telling farmers,

Rubinstein and Mother Leave Court

Serge Rubinstein, wealthy Russian-born financier, leaves Federal Court, Washington, Feb. 27, with his mother, Mrs. Stella Rubinstein, after attending another session in legal maneuvers over his deportation case. The government has been trying to deport Rubinstein for 10 years, but yesterday he won another court order against being seized for deportation until the court hears further arguments.

Red Cross Fund Quota Is $46,500 Starting March 1st

Ulster county's quota for the annual American Red Cross Fund campaign, beginning March 1, has been set at $46,500.

Ulster County Chapter, American Red Cross, will launch its annual fund campaign on March 1 to raise that quota of the 1953 national goal which is $93 million, the largest sum since World War 2. This is an increase of $8,000,000 over last year.

This increase is largely due to the Red Cross expansion of the defense blood collections for the production of gamma globulin, which prevents paralysis from polio.

Funds were also added to provide a Red Cross recreational program for able bodied service men abroad.

The Red Cross was asked to undertake the polio assignment last November by the Office of Defense Mobilization in an effort to meet the summer epidemic needs. The serum gamma globulin has been found to prevent paralysis of polio victims by immunizing those exposed to polio. During the epidemic last year it was used extensively and presently all facilities are being used to produce the serum in anticipation of an epidemic this summer.

This additional cost to the Red Cross for equipment, personnel and processing will total some $7,000,000. The Red Cross must draw heavily upon the generosity of the American people, both in blood and money, to meet this urgent need.

Despite the increased national budget, the local chapter's goal is the same as last year, $46,500. This is due to the rigid economy without sacrificing service.

Public support of the Red Cross this year is vital. The responsibilities are greater than at any time since World War 2. In the fiscal

Elwyn Is Injured As Auto Plunges Over 10-Foot Bank

Former Woodstock Official Loses Control of Car on Onteora Trail, Report Assumes

Grant B. Elwyn, 52, of Woodstock was injured about 7:55 p. m. Friday when the automobile he was driving plunged over a 10-foot embankment along the Onteora Trail about three miles west of Kingston, state police reported.

Elwyn, former Woodstock town clerk, was taken to Kingston Hosptial, where his condition this morning was reported as "fairly good." His visible injuries, as reported by troopers, included multiple lacerations of the face.

Car Badly Damaged

Troopers reported Elwyn was driving west on the Onteora Trail and apparently lost control of the vehicle as it was rounding a curve in the highway. The car crossed to the south side of the highway, went down the embankment and overturned, according to the report. The automobile, a 1948 sedan registered in Mrs. Elwyn's name, was badly damaged.

Trooper Robert Chaffee of the Kingston barracks investigated.

Elwyn resigned his position as Woodstock town clerk last fall to take a position with the Ulster County Highway Department.

City Crews Work To Repair Main

City water works crews worked all day Friday to repair a leak in one of the city's 20-inch water mains on the state armory lot near the Little League baseball field.

Temporary repairs were completed yesterday during which water was turned off in several homes in the vicinity. Water was restored about 10 p. m., when crews ceased work for the night. Permanent repairs should be completed today, it was said.

It was explained that the ground was so saturated with water from the leak and recent rains that excavation was difficult, that as fast as a hole was dug it filled up again.

Muriel Gray Is Victim of Night Crash

Nyack Youth Is in 'Poor' Condition Today From Mishap With Trailer at Henry, Fair Street

Fifteen-year-old Muriel A. Gray of Glenford was instantly killed at 9:33 p. m. yesterday when a 1953 sedan in which she was a passenger was in collision with a tractor-trailer at the intersection of Henry and Fair streets.

Robert Lawson, 17, of 40 South Mill street, Nyack, driver of the sedan which, police said, was going west on Henry street, was reported to be in "poor" condition today at Kingston Hospital suffering from a fractured pelvis and internal injuries.

The tractor-trailer, owned by Harold A. Chaffee of Montgomery and operated by William D. German, 40, also of Montgomery, was going north on Fair street when it was in collision with the sedan, police reported, striking the passenger car in the side and pushing it against an electric pole and a tree on the property of Dr. Mortimer B. Downer, 55 Fair street.

Car a Wreck

Police said that the girl's head was apparently crushed between the tree and the door post of the car. Both Miss Gray and Lawson were knocked completely out of their shoes by the force of the collision, police reported. A wrecker had to pull the sedan, which was "crushed like an accordion," away from the tree before the girl's body could be extricated from the wreckage.

Coroner Ernest A. Kelly, who was at the scene, returned a verdict of accidental death due to head injuries.

Bumper 500 Feet Away

The front bumper of the sedan was found on the grounds of the George Washington School approximately 500 feet from the accident, police said.

Wires Across Car

The pole had been snapped off and live wires, which lay across the car, caused some anxiety for fear they might have "charged the car." Engine 3 and Truck 2 from the Wiltwyck Station were dispatched to the scene and firemen roped off the area and kept the milling crowd at a safe distance. Crews from Central Hudson Gas and Electric Corp. cut off power in the area in order to begin repairs.

The sidewalk and lawn on the Downer property was reported to have suffered damage and police said the motor of the sedan lay just in front of the porch of his home. If the tree had not stopped the forward motion of the tractor-trailer it is believed that the car might have gone into the Downer home.

No Arrests Made

Assistant District Attorney James J. Abernethy, who was at the scene, told The Freeman that he could "find no reason to hold

Surrenders to Policemen After Automobile Hits Abutment

New York, Feb. 28 (AP)—An automobile chase which police said started in Yonkers and at times reached 90 miles an hour ended when the pursued car crashed into a lower Manhattan abutment.

Police said Ralph Williams, 29, a Negro tailor, of Manhattan, crawled from the wreckage after the 15 mile pursuit and declared: "I give up."

He was arrested on charges of driving while intoxicated, leaving the scene of an accident, dangerous driving and failing to have an automobile registration certificate.

Police said the Williams car sideswiped several automobiles, including two police radio cars in a wild ride at about 3 a. m.

Patrolman Alexander McKechnie of the Westchester county parkway police first set out after Williams on the Saw Mill River Parkway in what appeared to be a routine speeding case.

Jelke Is Convicted In N. Y. Vice Trial

New York, Feb. 28 (AP)—Minot (Mickey) Jelke, society playboy and heir to margarine millions, was convicted last night on two of three counts charging him with compulsory prostitution.

The all-male jury recommended mercy for the 23-year-old defendant, whose counsel immediately announced he would appeal the verdict.

The blue ribbon panel deliberated less than five hours to reach a decision, culminating a 25-day trial featuring closed door prosecution testimony by admitted call girls who plied their trade in cafe society circles.

General Sessions Judge Francis L. Valente scheduled sentencing for March 20. Jelke, pale and shaken by the verdict, was remanded to City Prison pending his possible release next week on bail.

He faces a maximum of 40 years in jail, 20 years on each count.

Chaplin Is Silent On Future Plans

Film Comedian Seems Not to Have Intention of Returning to U. S.

Vevey, Switzerland, Feb. 28 (AP)—Comedian Charles Chaplin, facing immigration examination if he attempts to return to the United States, is going through all the motions of making Switzerland his permanent home. The British actor has refused thus far, however, to announce publicly his plans for the future.

Chaplin has been living with his family since the end of last year in the 18th century manor house of Ban in the neighboring village of Corsier. Local press reports that the famous screen star purchased the 15-room mansion outright have never been denied.

Nor have other reports circulating in the last few weeks—that Chaplin has retired, that he is planning a new film—drawn any comment from the 63-year-old actor.

Whatever his long range plans may be, Chaplin appears to have no immediate intention of returning to the U. S., where he would have to prove at an immigration service that he is admissible under American alien laws.

Wife Made Fast Trip

Chaplin's wife, Oona, went on a lightning trip back to the United States shortly after the family arrived in Switzerland last year. American and British press reports then said Chaplin had sent her to Hollywood to arrange final disposal of their house and other

Support Moves Are Announced to Stabilize Levels

Washington, Feb. 28 (AP)—A new sag in farm prices—the sixth drop in as many months—added new fuel today to the sizzling dispute between Republicans and Democrats about who is to blame and what to do.

The Agriculture Department yesterday officially announced a decline of 1.48 per cent from mid-January to mid-February which put levels 8.84 per cent below a year ago.

This decline—plus a defense of Republican farm policies and of Secretary of Agriculture Benson—touched off a lively exchange of verbal brickbats in the Senate late yesterday.

Secretary Benson announced several price-support moves expected to stabilize the farm price levels.

He said the department for another year will continue to support butter and other dairy products at 90 per cent of parity.

Parity is a price officially declared to be fair to farmers in terms of what they must buy.

To Back Corn, Rice

The Agriculture Department announced also that it will support this year's corn crop at a national average of $1.58 a bushel, two cents below last year's support, and rice at $4.84 a hundred pounds, down 20 cents from last year.

Sen. Bridges of New Hampshire, ranking Republican and Appropriations Committee chairman, started the Senate wrangle by blaming recent Democratic administrations for lower farm prices and income and unmanageable surpluses."

He said the new Eisenhower administration and Secretary Benson would "restore again to American agriculture stability, freedom of action and local control."

Blames Democrats

Bridges said the Democratic administration allowed 142 carloads of government corn to spoil when it could have been used by drouth-stricken cattle feeders in the southwest.

"If the same conditions exist in the storage of other commodities, the cost to the American taxpayer will run into the billions of dollars," Bridges said.

Then the Republican spokesman hit hard at proposals by many Democrats to lift the level of government price props.

"The best informed sources indicate that these (farm) prices are not likely to drop much lower," Bridges said.

Instant Protests

These remarks drew instant protests from Democrats, with Sen. Humphrey (D.-Minn.) and Kerr (D.-Okla.) leading the attack.

"There is a depression in the making," Humphrey said, adding that farm prices were off 11 points while consumers food costs had dropped less than 2 per cent.

"This is the beginning of the repudiation of a campaign pledge," Humphrey continued, after contending that during the last election campaign President Eisenhower promised farmeds 100 per cent parity.

Bridges was telling farmers,

Rubinstein and Mother Leave Court

Serge Rubinstein, wealthy Russian-born financier, leaves Federal Court, Washington, Feb. 27, with his mother, Mrs. Stella Rubinstein, after attending another session in legal maneuvers over his deportation case. The government has been trying to deport Rubinstein for 10 years, but yesterday he won another court order against being seized for deportation until the court hears further arguments.

Holdout

Arthur J. B. Cartier, U. S. marshall of Massachusetts tells newsmen that he will not leave office until his term expires in March of 1956. Cartier had been ordered removed from office by President Eisenhower to make way for a new appointee. Cartier had been appointed by President Truman. *(NEA Telephoto).*

Elwyn Is Injured As Auto Plunges Over 10-Foot Bank

Former Woodstock Official Loses Control of Car on Onteora Trail, Report Assumes

Grant B. Elwyn, 52, of Woodstock was injured about 7:55 p. m. Friday when the automobile he was driving plunged over a 10-foot embankment along the Onteora Trail about three miles west of Kingston, state police reported.

Elwyn, former Woodstock town clerk, was taken to Kingston Hosptial, where his condition this morning was reported as "fairly good." His visible injuries, as reported by troopers, included multiple lacerations of the face.

Car Badly Damaged

Troopers reported Elwyn was driving west on the Onteora Trail and apparently lost control of the vehicle as it was rounding a curve in the highway. The car crossed to the south side of the highway, went down the embankment and overturned, according to the report. The automobile, a 1948 sedan registered in Mrs. Elwyn's name, was badly damaged.

Trooper Robert Chaffee of the Kingston barracks investigated.

Elwyn resigned his position as Woodstock town clerk last fall to take a position with the Ulster County Highway Department.

City Crews Work To Repair Main

City water works crews worked all day Friday to repair a leak in one of the city's 20-inch water mains on the state armory lot near the Little League baseball field.

Temporary repairs were completed yesterday during which water was turned off in several homes in the vicinity. Water was restored about 10 p. m., when crews ceased work for the night. Permanent repairs should be completed today, it was said.

It was explained that the ground was so saturated with water from the leak and recent rains that excavation was difficult, that as fast as a hole was dug it filled up again.

Red Cross Fund Quota Is $46,500 Starting March 1st

Ulster county's quota for the annual American Red Cross Fund campaign, beginning March 1, has been set at $46,500.

Ulster County Chapter, American Red Cross, will launch its annual fund campaign on March 1 to raise that quota of the 1953 national goal which is $93 million, the largest sum since World War 2. This is an increase of $8,000,000 over last year.

This increase is largely due to the Red Cross expansion of the defense blood collections for the production of gamma globulin, which prevents paralysis from polio.

Funds were also added to provide a Red Cross recreational program for able bodied service men abroad.

The Red Cross was asked to undertake the polio assignment last November by the Office of Defense Mobilization in an effort to meet the summer epidemic needs. The serum gamma globulin has been found to prevent paralysis of polio victims by immunizing those exposed to polio. During the epidemic last year it was used extensively and presently all facilities are being used to produce the serum in anticipation of an epidemic this summer.

This additional cost to the Red Cross for equipment, personnel and processing will total some $7,000,000. The Red Cross must draw heavily upon the generosity of the American people, both in blood and money, to meet this urgent need.

Despite the increased national budget, the local chapter's goal is the same as last year, $46,500. This is due to the rigid economy without sacrificing service.

Public support of the Red Cross this year is vital. The responsibilities are greater than at any time since World War 2. In the fiscal

Muriel Gray Is Victim of Night Crash

Nyack Youth Is in 'Poor' Condition Today From Mishap With Trailer at Henry, Fair Street

Fifteen-year-old Muriel A. Gray of Glenford was instantly killed at 9:33 p. m. yesterday when a 1953 sedan in which she was a passenger was in collision with a tractor-trailer at the intersection of Henry and Fair streets.

Robert Lawson, 17, of 40 South Mill street, Nyack, driver of the sedan which, police said, was going west on Henry street, was reported to be in "poor" condition today at Kingston Hospital suffering from a fractured pelvis and internal injuries.

The tractor-trailer, owned by Harold A. Chaffee of Montgomery and operated by William D. German, 40, also of Montgomery, was going north on Fair street when it was in collision with the sedan, police reported, striking the passenger car in the side and pushing it against an electric pole and a tree on the property of Dr. Mortimer B. Downer, 55 Fair street.

Car a Wreck

Police said that the girl's head was apparently crushed between the tree and the door post of the car. Both Miss Gray and Lawson were knocked completely out of their shoes by the force of the collision, police reported. A wrecker had to pull the sedan, which was "crushed like an accordion," away from the tree before the girl's body could be extricated from the wreckage.

Coroner Ernest A. Kelly, who was at the scene, returned a verdict of accidental death due to head injuries.

Bumper 500 Feet Away

The front bumper of the sedan was found on the grounds of the George Washington School approximately 500 feet from the accident, police said.

Wires Across Car

The pole had been snapped off and live wires, which lay across the car, caused some anxiety for fear they might have "charged the car." Engine 3 and Truck 2 from the Wiltwyck Station were dispatched to the scene and firemen roped off the area and kept the milling crowd at a safe distance. Crews from Central Hudson Gas and Electric Corp. cut off power in the area in order to begin repairs.

The sidewalk and lawn on the Downer property was reported to have suffered damage and police said the motor of the sedan lay just in front of the porch of his home. If the tree had not stopped the forward motion of the tractor-trailer it is believed that the car might have gone into the Downer home.

No Arrests Made

Assistant District Attorney James J. Abernethy, who was at the scene, told The Freeman that he could "find no reason to hold

Crash Ends Escape Driver's Fast Drive

Surrenders to Policemen After Automobile Hits Abutment

New York, Feb. 28 (AP)—An automobile chase which police said started in Yonkers and at times reached 90 miles an hour ended when the pursued car crashed into a lower Manhattan abutment.

Police said Ralph Williams, 29, a Negro tailor, of Manhattan, crawled from the wreckage after the 15 mile pursuit and declared: "I give up."

He was arrested on charges of driving while intoxicated, leaving the scene of an accident, dangerous driving and failing to have an automobile registration certificate.

Police said the Williams car sideswiped several automobiles, including two police radio cars in a wild ride at about 3 a. m.

Patrolman Alexander McKechnie of the Westchester county parkway police first set out after Williams on the Saw Mill River Parkway in what appeared to be a routine speeding case.

Goes Past Toll Gates

McKechnie said, however, that the pursued car did not halt but sped through a Saw Mill River toll

Learn The Truth About THE CATHOLIC CHURCH By Mail...At No Cost!

You can easily investigate Catholic faith and worship in the privacy of your home.

Just send us your name and address and advise that you want to know what the Catholic Church really teaches . . . what Catholics really believe. We will send you an interesting course of instruction which is short, yet complete.

We will send you a book explaining Catholic faith and worship . . . written in an easy-to-understand form. There are six test sheets which you can mark and we will check and return to you. This will enable you to determine how well you understand the book. It will give you quick and authentic answers on any point you do not immediately understand.

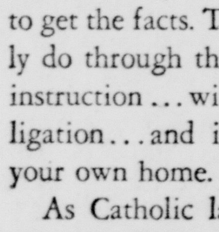
There is no writing to do . . . and nobody calls on you unless you request it. Nobody knows, in fact, that you are inquiring into Catholic teaching. Thousands of people are taking the course, and learning for the first time wonderful truths about the Church established by Christ Himself.

We know that many people would like to learn all about the Catholic Church — but hesitate to make personal inquiries. This offer is made for the benefit and convenience of such people, so they may get authentic Catholic information and study it in the privacy of their own homes.

You will find in this course of instruction answers to the questions which confuse non-Catholics. You will discover that Catholic belief and practice are not what they are so often misrepresented to be.

And if it is true that the Catholic Church is Christ's Church . . . as we maintain . . . you owe it to yourself to get the facts. This you can readily do through this short course of instruction . . . without cost or obligation . . . and in the privacy of your own home.

As Catholic laymen, who treasure our Faith, we invite you to understand it and, we hope, to share it.



Free

Write today, giving your name and address and stating that you want the course of Catholic instruction by mail. The book and simple test sheets will be mailed to you immediately. Nobody will call on you or urge you to join the Catholic Church. If you wish . . . while taking the course . . . to ask any questions which puzzle you, we will answer them promptly without any cost or obligation to you. Send a postcard or letter now—TODAY! New District Head Speaks Sunday at Nazarene Church

REV. ROBERT GOSLAW

The newly appointed District Superintendent of the New York District, the Rev. Robert Goslaw, formerly pastor at Richmond, Calif., will speak Sunday at 7:45 p. m. at the Church of the Nazarene, Elmendorf street and Wiltwyck avenue The Rev. Mr. Goslaw was highly successful in his pastoral work and as leader in youth activities in northern California. He succeeds the Rev. Dr. O. J. Finch who is now devoting his time completely to evangelistic campaigns and denominational conventions.

Mrs. Goslaw also will be present and will sing. She was heard daily over a religious broadcast in the San Francisco Bay area as soloist, and was in demand for evangelistic musical aid for revivals.

The local pastor, the Rev. Frederick Fike, attended college at Pasadena, Calif., with both the Rev. and Mrs. Goslaw, and notes that their record of fine leadership dates back to those days. The public is invited to this service, which will serve as the official welcome of the local congregation to the new district leader.

Nyack Institute Pupils to Lead Local Services

A group of students from the Missionary Training Institute of Nyack will be featured in the two services at the Alliance Gospel Church, corner Franklin and Pine streets, Sunday night.

The Alliance Youth Fellowship service convenes at 6:30 p. m. Adrian Cook, pianist of the group, will speak to the youth group on a Missionary subject.

At the 7:20 p. m., gospel service all six students from the Missionary Training Institute will take part. Under the direction of Robert Goodwin, member of the local Alliance Church and now a student at the school, these students will present a varied program of music, testimonies and a message from God's Word. The party is composed of Clifford Hicks, Canadian youth preacher who will bring the message; Robert Goodwin, chairman and leader of the group; Adrian Cook, pianist; Gene Koser, Howard Bowers, and Louis Waite who also will take part in the service. These young men will bring news of the recent revival campaign at the school.

The public is cordially invited to attend this special evening service starting at 7:20 o'clock.

Dr. Houston Will Speak on Sunday At Lenten Service

The second in the series of Sunday night union Lenten services on the theme The Meaning of Christ Today will be held at the Fair street Reformed Church Sunday night at 8 o'clock. Dr. Ralph M. Houston, minister of the St. James Methodist Church, will preach the sermon on the topic The Christ of History and Our Modern World.

Presiding at the service will be the Rev. William McVey, chairman of the committee on arrangements. The Rev. J. Dean Dykstra, pastor of the host church, will offer the evening prayer and read the Scriptures. The Fair Street Reformed Church choir, under the direction of Mrs. Wallace Wood, will sing the anthem Shepherds of Israel by Morrison. The offertory duet, to be sung by Miss Barbara Decker and Mrs. Wallace Wood, will be Schnecker's In His Hands Are All the Corners of the Earth.

The uptown churches participating in these union Lenten services are the First Baptist Church, the Clinton Avenue Methodist Church, the Fair Street Reformed Church, the First Presbyterian Church, the Old Dutch Church, St. James Methodist Church and St. John's Episcopal Church. The public is cordially invited to share in these union services of worship during the Lenten season.

Communion Is Scheduled March 8 For St. Peter's Men

Men of St. Peter's Church, this city, will hold their annual communion service and breakfast Sunday morning, March 8.

Communion will be observed at the 8 o'clock Mass at the church and breakfast will follow in the school hall on Adams street. Members of the Christian Mothers' Society will prepare and serve the meal.

The guest speaker will be the Rev. Joseph Connor, a former assistant pastor of St. Mary's Church, this city, who is now attached to the Church of Our Lady of Lourdes in the Bronx.

Tickets may be purchased from the officers, members of the committee or at the rectory.

St. Paul's Church Will Install New Officers Sunday

Installation of officers of St. Paul's Evangelical Lutheran Church will take place during the 10:45 a. m. worship service Sunday.

Those who will be installed include the following:

Herman LaTour, Everett Diehl, Charles Bahr, William Koeppen and George Schantz.

At the same service, the officers of the following organizations also will be installed:

Ladies' Aid Society—Mrs. Adam Salzman, Mrs. Frank Myers, Mrs. Leonard Korth and Miss Helen Koeppen.

Lydian Guild — Mrs. Edward Schussler and Miss Joan Korth.

New District Head Speaks Sunday at Nazarene Church

REV. ROBERT GOSLAW

The newly appointed District Superintendent of the New York District, the Rev. Robert Goslaw, formerly pastor at Richmond, Calif., will speak Sunday at 7:45 p. m. at the Church of the Nazarene, Elmendorf street and Wiltwyck avenue The Rev. Mr. Goslaw was highly successful in his pastoral work and as leader in youth activities in northern California. He succeeds the Rev. Dr. O. J. Finch who is now devoting his time completely to evangelistic campaigns and denominational conventions.

Mrs. Goslaw also will be present and will sing. She was heard daily over a religious broadcast in the San Francisco Bay area as soloist, and was in demand for evangelistic musical aid for revivals.

The local pastor, the Rev. Frederick Fike, attended college at Pasadena, Calif., with both the Rev. and Mrs. Goslaw, and notes that their record of fine leadership dates back to those days. The public is invited to this service, which will serve as the official welcome of the local congregation to the new district leader.

Nyack Institute Pupils to Lead Local Services

A group of students from the Missionary Training Institute of Nyack will be featured in the two services at the Alliance Gospel Church, corner Franklin and Pine streets, Sunday night.

The Alliance Youth Fellowship service convenes at 6:30 p. m. Adrian Cook, pianist of the group, will speak to the youth group on a Missionary subject.

At the 7:20 p. m., gospel service all six students from the Missionary Training Institute will take part. Under the direction of Robert Goodwin, member of the local Alliance Church and now a student at the school, these students will present a varied program of music, testimonies and a message from God's Word. The party is composed of Clifford Hicks, Canadian youth preacher who will bring the message; Robert Goodwin, chairman and leader of the group; Adrian Cook, pianist; Gene Koser, Howard Bowers, and Louis Waite who also will take part in the service. These young men will bring news of the recent revival campaign at the school.

The public is cordially invited to attend this special evening service starting at 7:20 o'clock.

Dr. Houston Will Speak on Sunday At Lenten Service

The second in the series of Sunday night union Lenten services on the theme The Meaning of Christ Today will be held at the Fair street Reformed Church Sunday night at 8 o'clock. Dr. Ralph M. Houston, minister of the St. James Methodist Church, will preach the sermon on the topic The Christ of History and Our Modern World.

Presiding at the service will be the Rev. William McVey, chairman of the committee on arrangements. The Rev. J. Dean Dykstra, pastor of the host church, will offer the evening prayer and read the Scriptures. The Fair Street Reformed Church choir, under the direction of Mrs. Wallace Wood, will sing the anthem Shepherds of Israel by Morrison. The offertory duet, to be sung by Miss Barbara Decker and Mrs. Wallace Wood, will be Schnecker's In His Hands Are All the Corners of the Earth.

The uptown churches participating in these union Lenten services are the First Baptist Church, the Clinton Avenue Methodist Church, the Fair Street Reformed Church, the First Presbyterian Church, the Old Dutch Church, St. James Methodist Church and St. John's Episcopal Church. The public is cordially invited to share in these union services of worship during the Lenten season.

Red Cross Spends $7,000,000 On Gamma Globulin for Polio

At least two million children in the United States may be expected to be exposed to polio in 1953. In at least 150 counties in the nation a polio epidemic will strike. How many children will be stricken throughout the nation depends on the severeness of the disease.

There is one glow of hope in thisg loomy picture. Through the use of Gamma Globulin, also called immune serum globulin, paralysis which often accompanies polio may be prevented.

Effectiveness of Gamma Globulin in the prevention of paralysis in polio victims has been clearly demonstrated during the past two years through experiments conducted in Provo, Utah; Houston, Texas and Souix City, Iowa, under the auspices of the National Foundation for Infantile Paralysis and a part of their total research program.

All of the globulin used was provided by the Red Cross without charge.

As a result of the experience during the past two years, the Office of Defense Mobilization has asked the American Red Cross to collect during the next twelve months an unprecedented amount of blood to be processed into Gamma Globulin.

While Red Cross will have charge of collection of the blood to be processed, it will not be responsible for the distribution of Gamma Globulin. The Office of Defense Mobilization will appoint an agency to allocate and distribute the serum.

Although processing facilities of the country have been requested to operate on a twenty-four hour seven day a week basis, these fractionation laboratories apparently will not be able to produce enough Gamma Globulin to give it to all children in the anticipated epidemic areas next summer.

Gamma Globulin is that part of the human blood which contains anti-bodies built up in the blood stream as a result of the human body fighting diseases. It is separated from whole blood in serum form.

While the use of Gamma Globulin for polio has but recently been proven effective, it has been used since 1944 in the treatment of measles and infectious hepatitis, commonly called contagious jaundice. Injection of Gamma Globulin in very young children who have been exposed to measles can prevent the disease and in older children modify it so that the patient is spared dangerous complications such as bronco-pneumonia, encephalitis and infection of the inner ear. The death rate from measles has been cut in half since Gamma Globulin has been in use.

At the end of World War II military authorities returned to the Red Cross surplus dried blood plasma and this was fractionated into Gamma Globulin and other derivatives by commercial laboratories under contract with Red Cross. The cost of the Red Cross for this fractionating and distribution was over $7,000,000. Distribution was free.

To cover the cost of producing Gamma Globulin during the next 12 months, the Red Cross has set aside another $7,000,000 to cover the cost of producing and packaging Gamma Globulin for polio. That sum has been included in the 1953 Red Cross appeal to the American people to be raised during the annual Red Cross Fund Campaign which will be held in March.

Blood for the processing of Gamma Globulin will be collected by the Red Cross as a part of the regular National Blood Program.

Girl Scout Fund To Open March 12

New Paltz, Feb. 28—Mrs. William Heidgard of New Paltz will participate in a Kingston radio interview at 9:15 a. m., March 12, that will mark the beginning of the Ulster County Girl Scout finance drive.

Mrs. DeWitt Hasbrouck of High Falls and Mrs. Downs of Kerhonkson also will take part in the program, Mrs. L. D. Campbell, New Paltz chairman, has announced. Mrs. Heidgerd has been acting as volunteer trainer in Ulster county for the past year.

Locally, solicitors will begin soon after March 12 and up until March 21 to call upon residents of New Paltz for their contributions.

At 4:45 p. m., March 12, which is the official birthday of the National Girl Scout Association, a Kingston troop will conduct another radio program. Richard Mack of Marbletown, former town supervisor, has been named chairman of the Ulster county drive this year.

Dog, A-Bomb Vet, Missing

Buffalo, N. Y. (AP) — Duke, said to be the first dog to see an atomic bomb explosion, disappeared from his home here recently. The dog, a 9-year-old red male cocker spaniel, was present with his master, Henry E. Friedrich, at the Los Alamos, N. M., A-bomb test in 1944. Friedrich was then in the army. When he later went to Clarkson College, Duke attended classes and also was present at his master's graduation in 1947.

Wrap Pipe With Paper

Holes in walls and ceilings where heating and plumbing lines pass through can be effectively patched if the pipe is first wrapped with several layers of paper. The paper takes up the expansion and contraction of the pipe and prevents the plaster patch from cracking.

Flushing Clears Drains

Flushing basement, garage and outside drains with the garden hose occasionally will help to prevent them from getting stopped up. It's even better to pour a bucket of hot water down the drain first before using the hose.

Novel Wallpaper Design

A new wallpaper designed by Muller-Barringer is called "bookshelves." The pattern of library shelves contains besides books, ships and figurines.

Furniture Style Mixes Periods

Displays at recent furniture shows reflect a growing tendency among homemakers to mix furniture of different periods rather than to adhere strictly to either a traditional or contemporary design and leaders in the industry believe the trend forecasts a new style in home decoration.

Blending of mixed periods is encouraged by the current vogue for medium coloring in traditional as well as modern furniture styles. Most modern pieces are being produced in medium rather than pale colors, while traditional is being featured in lighter wood tones than formerly. The similarity of color tones makes it possible to use tables, chests, chairs and other pieces in the same room even though they are of unrelated styling.

Brings Out Full Beauty

Modern hardwood veneer furniture which brings out the full beauty of the wood grain also facilitates the mixing of furniture of contemporary and traditional design. Curved shapes are possible with plywood and hardwood veneer, giving the designer greater freedom in furniture styling. Another design factor is that veneer matching has been perfected to the point where almost any desired effect in wood pattern can be achieved.

This permits virtually unlimited selection in design, color tones and wood patterns, making it easy to find pieces of different periods which look well together.

Divided Basement Offers Advantages

If you divide your basement, it will be a neater, more pleasant place, advises the National Association of Home Builders. The coal bin or furnace may be separated by a partition from the rest of the area, which can then be used as a laundry, summer dining room, recreation room, playroom for the children, or other purposes.

A storage room for garden tools, bicycles and sports equipment will keep those articles in better condition and more accessible.

The partitions may be wallboard, lumber, brick, tile, or concrete, depending upon the wishes of the owner regarding permanence and cost.

2¼-Inch Oak Flooring

Tongued and grooved oak flooring in 2¼-inch width is the most popular flooring material for homes, according to trade reports. In some areas, however, there is a trend toward increased use of 1½ and 3¼-inch widths. The material is available in several sizes. For new construction the thickness generally employed is 25/32-inch.

Don't Prune Too Lightly

Keep your pruning shears handy this month. Prune out every diseased branch or one suspected. Beginners are apt to prune too lightly rather than too drastically. Watch the nurseryman with shears; he may seem shear heavy-handed, but he knows how to produce plants capable of bearing superb blooms.

Painting Over Varnish

When painting over varnish, first clean the surface thoroughly, removing any dirt and grease by washing carefully with soda and water. Then dull the gloss by rubbing with steel wool or sandpaper, by wiping off with turpentine, or with one of the commercial preparations for the purpose.

Eliminate Teetering

An adjustable furniture leg has been developed to stop teetering on uneven floors. It can be used to change the height of chairs to comfortable positions as well as to vary the pitch of the seat. It works on a fine thread which provides for easy tightening and reduces chances of loosening.

Cracks to Worry About

A crack up and down the plaster in the corner of a room isn't much cause for worry. But cracks that run diagonally from a window or door frame across a sidewall or those that make a crazy quilt pattern on ceilings often indicate structural defects.

Perfect Design for Later Expansion

Bedrooms .... Three
Closets .... Nine
Cubage .... 18,200'
Dimensions .... 36' x 24'

In the rectangular entry hall, there is a spacious coat closet in the right wall. This entry way leads to a hallway connecting the living room and the den or dining room, which are directly across the hall from each other. The stairway leading to the second story also leads off this connecting hallway.

Large in size, the living room also rates high in the way of decorative features. In addition to the large picture window flanked by casement windows in the front wall, the living room has a handsomely large fireplace centered in its left wall.

The long unbroken back and right walls in this 18' x 11'4" living room make easy the attractive arrangement of large furniture pieces. A door in the back living room wall leads to a hallway connecting the first floor bedroom, the kitchen and the bathroom. A closet, also opening on this hallway, to the right of the living room door, will make a handy storage place for miscellaneous household items.

Across the hall, conveniently near to the bedroom and the bathroom, is the spacious linen closet. To the left, off the central hallway, is the 13'6" x 11'4" bedroom. Receiving good light and ventilation from the two windows in the back wall and one window in the left wall, this room also has an unusually large closet in its right wall. This room can easily serve as the master bedroom—at least until the bedrooms on the second floor are completed.

Lighted and ventilated by one window in its back wall, the bathroom contains both a tub and a shower. There is a broom closet opening on the central hallway before the doorway to the kitchen. You'll find this closet a good place to keep cleaning equipment.

In the large modern kitchen, working counters, cupboards and cabinets are arranged in a U along the left, back and right walls. Centered in the line of counters, and directly under the window in the back wall is the sink. The stove is located at the left end of the line of counters; the refrigerator is at the right end.

Another window in the right wall, looking out on the side piazza, provides extra light and ventilation for the kitchen. The front section of this 12' x 11'4" kitchen is set aside as a breakfast area. This large, comfortable section can easily be used all day through by the family; thus you can save the regular dining area for more formal occasions.

Measuring 10' x 11' the side piazza can be left open, screened or glassed in; the choice depends upon the use to which you intend to put this porch. Also opening off the kitchen, the den or dining room is equally suited to either usage. This 13'6" x 11'4" room is ideally located for the dining room as it is so near to the kitchen. However, if you do not plan to make much use of the formal dining room you may prefer to set aside a part of the living room to serve as a dining area; you can then use this room as a den.

One window in the right wall and two in the front wall provide excellent light and cross ventilation. Built-in cabinets can be installed in both the front and back right corners of the room, if you decide it is to serve as a dining room.

One window in the right wall and two in the front wall provide excellent light and cross ventilation. Built-in cabinets can be installed in both the front and back right corners of the room, if you decide it is to serve as a dining room.

Spacious Bedroom

Both second floor bedrooms are unusually large. The one on the left side of the house measures 15' x 12' while the one on the right is 14' x 12' in dimensions. Two windows in the back wall and one in the left wall provide plenty of good light and ventilation for the left bedroom.

Two very spacious closets in the right wall of the room provide more than ample storage space for the occupant, or occupants, of this room. One of these closets could easily be used for general storage. A door in the front wall of this bedroom provides access to the under-the-eaves storage area in "The Winter," there also are storage drawers in this bedroom.

The right bedroom also reaps the benefits of cross ventilation and good light from two windows in the back wall and one in the right wall. There are two unusually large closets in this room also; they are located across from each other in the further section of the room.

Amply lighted and ventilated by one window, the bathroom is placed between the two bedrooms. It contains a large shower and has a closet in its right wall. Directly across the central hallway from the bathroom is the second floor linen closet.

Blueprints Available

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost. For plan prices, write to the Home Building Editor, Dept. 24, Kingston Daily Freeman and enclose a self-addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

Attached Garage Is Best for Small Lot

A long driveway to a garage at the rear of a house takes up about 16 per cent of a 50x100-foot lot. When building a new garage or carport or in discussing plans with an architect, try to place it near the front of the house within 20 or 25 feet of the street. Here, only 4 per cent of the yard is sacrificed.

If the lot is small but has a side yard large enough to meet local zoning law requirements, the garage should be attached to the house. The attached garage gives rambling lines to the small house. This is particularly pleasing if both garage and house are built of the same material, and harmonize in architecture.

An attached gaarge should be set back from the house about six feet so that a jog is formed and the garage is not too prominent.

When Painting Furniture

Whenever you paint unpainted furniture, plan the paint job so the upkeep will be easy. If you use a washable enamel or other finish that will take to soap and water, it will be easy to keep the article clean.

Red Cross Spends $7,000,000 On Gamma Globulin for Polio

At least two million children in the United States may be expected to be exposed to polio in 1953. In at least 150 counties in the nation a polio epidemic will strike. How many children will be stricken throughout the nation depends on the severeness of the disease.

There is one glow of hope in this gloomy picture. Through the use of Gamma Globulin, also called immune serum globulin, paralysis which often accompanies polio may be prevented.

Effectiveness of Gamma Globulin in the prevention of paralysis in polio victims has been clearly demonstrated during the past two years through experiments conducted in Provo, Utah; Houston, Texas and Souix City, Iowa, under the auspices of the National Foundation for Infantile Paralysis and a part of their total research program.

All of the globulin used was provided by the Red Cross without charge.

As a result of the experience during the past two years, the Office of Defense Mobilization has asked the American Red Cross to collect during the next twelve months an unprecedented amount of blood to be processed into Gamma Globulin.

While Red Cross will have charge of collection of the blood to be processed, it will not be responsible for the distribution of Gamma Globulin. The Office of Defense Mobilization will appoint an agency to allocate and distribute the serum.

Although processing facilities of the country have been requested to operate on a twenty-four hour seven day a week basis, these fractionation laboratories apparently will not be able to produce enough Gamma Globulin to give it to all children in the anticipated epidemic areas next summer.

Gamma Globulin is that part of the human blood which contains anti-bodies built up in the blood stream as a result of the human body fighting diseases. It is separated from whole blood in serum form.

While the use of Gamma Globulin for polio has but recently been proven effective, it has been used since 1944 in the treatment of measles and infectious hepatitis, commonly called contagious jaundice. Injection of Gamma Globulin in very young children who have been exposed to measles can prevent the disease and in older children modify it so that the patient is spared dangerous complications such as bronco-pneumonia, encephalitis and infection of the inner ear. The death rate from measles has been cut in half since Gamma Globulin has been in use.

At the end of World War II military authorities returned to the Red Cross surplus dried blood plasma and this was fractionated into Gamma Globulin and other derivatives by commercial laboratories under contract with Red Cross. The cost of the Red Cross for this fractionating and distribution was over $7,000,000. Distribution was free.

To cover the cost of producing Gamma Globulin during the next 12 months, the Red Cross has set aside another $7,000,000 to cover the cost of producing and packaging Gamma Globulin for polio. That sum has been included in the 1953 Red Cross appeal to the American people to be raised during the annual Red Cross Fund Campaign which will be held in March.

Blood for the processing of Gamma Globulin will be collected by the Red Cross as a part of the regular National Blood Program.

Wrap Pipe With Paper

Holes in walls and ceilings where heating and plumbing lines pass through can be effectively patched if the pipe is first wrapped with several layers of paper. The paper takes up the expansion and contraction of the pipe and prevents the plaster patch from cracking.

Flushing Clears Drains

Flushing basement, garage and outside drains with the garden hose occasionally will help to prevent them from getting stopped up. It's even better to pour a bucket of hot water down the drain first before using the hose.

Novel Wallpaper Design

A new wallpaper designed by Muller-Barringer is called "bookshelves." The pattern of library shelves contains besides books, ships and figurines.

Furniture Style Mixes Periods

Displays at recent furniture shows reflect a growing tendency among homemakers to mix furniture of different periods rather than to adhere strictly to either a traditional or contemporary design and leaders in the industry believe the trend forecasts a new style in home decoration.

Blending of mixed periods is encouraged by the current vogue for medium coloring in traditional as well as modern furniture styles. Most modern pieces are being produced in medium rather than pale colors, while traditional is being featured in lighter wood tones than formerly. The similarity of color tones makes it possible to use tables, chests, chairs and other pieces in the same room even though they are of unrelated styling.

Brings Out Full Beauty

Modern hardwood veneer furniture which brings out the full beauty of the wood grain also facilitates the mixing of furniture of contemporary and traditional design. Curved shapes are possible with plywood and hardwood veneer, giving the designer greater freedom in furniture styling. Another design factor is that veneer matching has been perfected to the point where almost any desired effect in wood pattern can be achieved.

This permits virtually unlimited selection in design, color tones and wood patterns, making it easy to find pieces of different periods which look well together.

Divided Basement Offers Advantages

If you divide your basement, it will be a neater, more pleasant place, advises the National Association of Home Builders. The coal bin or furnace may be separated by a partition from the rest of the area, which can then be used as a laundry, summer dining room, recreation room, playroom for the children, or other purposes.

A storage room for garden tools, bicycles and sports equipment will keep those articles in better condition and more accessible.

The partitions may be wallboard, lumber, brick, tile, or concrete, depending upon the wishes of the owner regarding permanence and cost.

2¼-Inch Oak Flooring

Tongued and grooved oak flooring in 2¼-inch width is the most popular flooring material for homes, according to trade reports. In some areas, however, there is a trend toward increased use of 1½ and 3¼-inch widths. The material is available in several sizes. For new construction the thickness generally employed is 25/32-inch.

Don't Prune Too Lightly

Keep your pruning shears handy this month. Prune out every diseased branch or one suspected. Beginners are apt to prune too lightly rather than too drastically. Watch the nurseryman with shears; he may seem shear heavy-handed, but he knows how to produce plants capable of bearing superb blooms.

Painting Over Varnish

When painting over varnish, first clean the surface thoroughly, removing any dirt and grease by washing carefully with soda and water. Then dull the gloss by rubbing with steel wool or sandpaper, by wiping off with turpentine, or with one of the commercial preparations for the purpose.

Eliminate Teetering

An adjustable furniture leg has been developed to stop teetering on uneven floors. It can be used to change the height of chairs to comfortable positions as well as to vary the pitch of the seat. It works on a fine thread which provides for easy tightening and reduces chances of loosening.

Cracks to Worry About

A crack up and down the plaster in the corner of a room isn't much cause for worry. But cracks that run diagonally from a window or door frame across a sidewall or those that make a crazy quilt pattern on ceilings often indicate structural defects.

In the rectangular entry hall, there is a spacious coat closet in the right wall. This entry way leads to a hallway connecting the living room and the den or dining room, which are directly across the hall from each other. The stairway leading to the second story also leads off this connecting hallway.

Large in size, the living room also rates high in the way of decorative features. In addition to the large picture window flanked by casement windows in the front wall, the living room has a handsomely large fireplace centered in its left wall.

The long unbroken back and right walls in this 18' x 11'4" living room make easy the attractive arrangement of large furniture pieces. A door in the back living room wall leads to a hallway connecting the first floor bedroom, the kitchen and the bathroom. A closet, also opening on this hallway, to the right of the living room door, will make a handy storage place for miscellaneous household items.

Across the hall, conveniently near to the bedroom and the bathroom, is the spacious linen closet. To the left, off the central hallway, is the 13'6" x 11'4" bedroom. Receiving good light and ventilation from the two windows in the back wall and one window in the left wall, this room also has an unusually large closet in its right wall. This room can easily serve as the master bedroom—at least until the bedrooms on the second floor are completed.

Lighted and ventilated by one window in its back wall, the bathroom contains both a tub and a shower. There is a broom closet opening on the central hallway before the doorway to the kitchen. You'll find this closet a good place to keep cleaning equipment.

In the large modern kitchen, working counters, cupboards and cabinets are arranged in a U along the left, back and right walls. Centered in the line of counters, and directly under the window in the back wall is the sink. The stove is located at the left end of the line of counters; the refrigerator is at the right end.

Another window in the right wall, looking out on the side piazza, provides extra light and ventilation for the kitchen. The front section of this 12' x 11'4" kitchen is set aside as a breakfast area. This large, comfortable section can easily be used all day through by the family; thus you can save the regular dining area for more formal occasions.

Measuring 10' x 11' the side piazza can be left open, screened or glassed in; the choice depends upon the use to which you intend to put this porch. Also opening off the kitchen, the den or dining room is equally suited to either usage. This 13'6" x 11'4" room is ideally located for the dining room as it is so near to the kitchen. However, if you do not plan to make much use of the formal dining room you may prefer to set aside a part of the living room to serve as a dining area; you can then use this room as a den.

One window in the right wall and two in the front wall provide excellent light and cross ventilation. Built-in cabinets can be installed in both the front and back right corners of the room, if you decide it is to serve as a dining room.

One window in the right wall and two in the front wall provide excellent light and cross ventilation. Built-in cabinets can be installed in both the front and back right corners of the room, if you decide it is to serve as a dining room.

Spacious Bedroom

Both second floor bedrooms are unusually large. The one on the left side of the house measures 15' x 12' while the one on the right is 14' x 12' in dimensions. Two windows in the back wall and one in the left wall provide plenty of good light and ventilation for the left bedroom.

Two very spacious closets in the right wall of the room provide more than ample storage space for the occupant, or occupants, of this room. One of these closets could easily be used for general storage. A door in the front wall of this bedroom provides access to the under-the-eaves storage area in "The Winter," there also are storage drawers in this bedroom.

The right bedroom also reaps the benefits of cross ventilation and good light from two windows in the back wall and one in the right wall. There are two unusually large closets in this room also; they are located across from each other in the further section of the room.

Amply lighted and ventilated by one window, the bathroom is placed between the two bedrooms. It contains a large shower and has a closet in its right wall. Directly across the central hallway from the bathroom is the second floor linen closet.

Attached Garage Is Best for Small Lot

A long driveway to a garage at the rear of a house takes up about 16 per cent of a 50x100-foot lot. When building a new garage or carport or in discussing plans with an architect, try to place it near the front of the house within 20 or 25 feet of the street. Here, only 4 per cent of the yard is sacrificed.

If the lot is small but has a side yard large enough to meet local zoning law requirements, the garage should be attached to the house. The attached garage gives rambling lines to the small house. This is particularly pleasing if both garage and house are built of the same material, and harmonize in architecture.

An attached gaarge should be set back from the house about six feet so that a jog is formed and the garage is not too prominent.

When Painting Furniture

Whenever you paint unpainted furniture, plan the paint job so the upkeep will be easy. If you use a washable enamel or other finish that will take to soap and water, it will be easy to keep the article clean.

NEWBURGH EXPRESSES SYMPATHY

Recent communications from the Ulster County Real Estate Board and the Kingston Chamber of Commerce express anxiety over the delay in the construction of the Kingston-Rhinecliff Bridge.

It had been anticipated that work on the structure would be started this spring and possibly completed the latter part of next year since approval had been given by all necessary agencies of government.

Newburgh also is expressing interest in the progress of the Kingston span, because until that structure is completed, the Newburgh project can only mark time. Newburgh and Beacon will be happy to lend their assistance to Kingston and Rhinecliff in any way they can to get the bridge here into use with the least delay possible.

Aside from the self-interest, Newburgh feels sorry for Kingston because it is isolated. Its expression of sympathy is expressed in the following editorial:

One reason Newburgh and Beacon residents support construction of Kingston-Rhinebeck bridge at the earliest possible time is that they recognize Kingston's comparatively isolated position with regard to both railroads and highways. The river is a barrier that prevents free flow of traffic, inconveniences citizens, and handicaps development.

Because of limited passenger service on the West Shore Railroad, Kingston residents wishing to travel by rail to New York have to patronize the New York Central. While it is true there is a station across the river, reached by ferry, Rhinebeck is such a small town that only a few trains—unsatisfactory ones—stop there.

So it is customary for Kingston folk, not wishing to make a hundred-mile round trip by car, to motor to Poughkeepsie, park their cars, and board trains there.

This for Newburghers would be like motoring up to Poughkeepsie to get train accommodations. Fortunately there are stops by good trains in Beacon, and there is a good ferry service.

Kingston has been patient and long suffering. No one questions its need for a bridge, and its right to it. We downrivermen rejoice that everything has been cleared up for start of construction.

GASOLINE TAX BOOST

The New York Good Roads Association declares that the proposed two-cent increase in the gasoline tax is long overdue. The group points out that there has been no change in the state's gasoline tax rate since 1937, but during this 15-year period the cost of building roads has more than doubled.

The Association also maintains that reports that the state is diverting highway user tax revenues to non-highway purposes are unfair and misleading. According to the New York State Division of the Budget, the state is actually making more money available for highways than it receives from highway user taxes.

In arguing for the increased tax, the Association says that while highway construction and maintenance costs have increased, traffic volumes have skyrocketed, placing a tremendous responsibility upon the state to modernize the highways. Obviously, the state cannot catch up on its road construction needs in the face of sharply rising costs and vastly increased traffic volume unless it makes a corresponding increase in taxes. Since it costs less to have good roads than it does to put up with poor ones, such an increase is a wise investment.

The New York Petroleum Industries have a different idea about the tax boost. They say an increase in the state gasoline tax under present circumstances would be a crying injustice to every New York motor vehicle owner. The oil men declare that the record of New York in diverting highway user tax revenue to non-highway purposes is such that the state has no justification for asking its motorists to pay more taxes on gasoline.

The Petroleum Committee points out that the budget for the 1953-54 fiscal year provides for the diversion of approximately $68,000,000 of road tax money to the support of other governmental functions. It also cites official U. S. Department of Commerce Bureau of Public Roads reports that New York has diverted more than $900,000,000 of highway user tax money to non-highway purposes in past years.

A two cents per gallon increase in the state gasoline tax would cost New York motor vehicle owners about $50,000,000 a year.

The proposal is said to be a "feeler" for public sentiment on the question. If you are interested let your legislators know how you feel on the proposed boost.

'These Days'

By GEORGE SOKOLSKY

W. BRADLEY CONNORS

It used to be that the State Department was the most difficult agency of government to get into. Education, family, even private means were essential. Apparently in the democracy of the New Deal, background ceased to be a requirement.

For instance, W. Bradley Connors has held one of the most important jobs in the State Department. He had been an adviser to General George Marshall in China; helped to write Marshall's speeches, statements and reports. He has been in absolute control of policy so far as the international information service is concerned.

What background does he possess to equip him for such high office and such responsibility? He graduated from the Newark (N. J.) Academy and spent two years (1934 to 1936) at Yale. He then went to work for the Public Service Corporation of New Jersey, a public utility, and not staying there long, he worked on the Newark Star-Ledger. From there he moved to the OWI and the State Department where his rise was swift.

While there is no evidence of training, he is one of the very top men in our administration. This is the exact wording of his importance:

"The chairman (Senator McCarthy): Actually are you what would be known as the top man in so far as policy for the information program is concerned?

"Mr. Connors: Yes, sir."

Now this country is engaged in a cold and hot war with Soviet Russia—cold in Europe, hot in Korea. The business of the information service and the Voice of America is to set off the United States favorably and to oppose Communism, Marxism, Stalinism, and the line pursued by Soviet Russia. This involves not only a technical knowledge of psychological warfare but a profound knowledge of what the Russians are telling the world and what the meaning of Communism is, particularly contrasting the doctrines of Marx-Lenin-Stalin, which influence about 800,000,000 people, with the philosophy of Americanism, which is combatting the Russian influence with the blood of American sons and the earnings of American taxpayers.

Does W. Bradley Connors, who is in charge of policy, know anything about all this? Mark his words:

"The chairman: Mr. Connors, how much of an authority are you on the Communist movement?

"Mr. Connors: I am not.

"The chairman: You are not an authority. Have you ever read any of the works of Marx or Lenin, Engels?

"Mr. Connors: No, sir.

"The chairman: Any of the works of Stalin?

"Mr. Connors: No, sir.

"The chairman: Have you ever studied a history of the Communist movement, their methods of operation?

"Mr. Connors: I have never studied them.

"The chairman: In other words, as far as you are concerned, your mind is pretty much a blank as far as the workings of the Communist Party is concerned?"

In a word, here is a man who has personally witnessed the Communist Revolution in China, who has advised General George Marshall when the latter was negotiating a truce between Chinese Communists and Chinese Nationalists, who controls the American information services on the subject and yet who has admittedly never shown sufficient curiosity to find out what it is all about.

Connors's defense is that he depends "on research and intelligence."

Senator Joe McCarthy asked him:

". . . just forgetting for the time being your name is Brad Connors and forget for the time being you are the policy director, would you say it is wise to have as policy director a man who says, 'I have never studied the works on any of the authorities of Communism, I have never studied the Communist movement, I have never studied to determine how they work, how they infiltrate'? Do you think it is wise to have a man with that complete lack of knowledge by his own admission directing the policy of a multimillion dollar program that is designed to fight Communism? . . ."

That question ought to be answered not by Connors but by General George Marshall and by Dean Acheson, who pushed this man into high responsibility for which he himself stated that he had no preparation. This is typical of the kind of men employed, the justification usually being that they are not "controversial personalities."

That Body of Yours

By JAMES W. BARTON, M.D.

ARTHRITIS AND RHEUMATISM SOCIETY

Physicians, patients, and the families of patients are well aware of the difficulty and, in some cases, actual impossibility of having patients suffering with rheumatism and arthritis obtain the necessary physiotherapy (treatment by heat, electricity, massage).

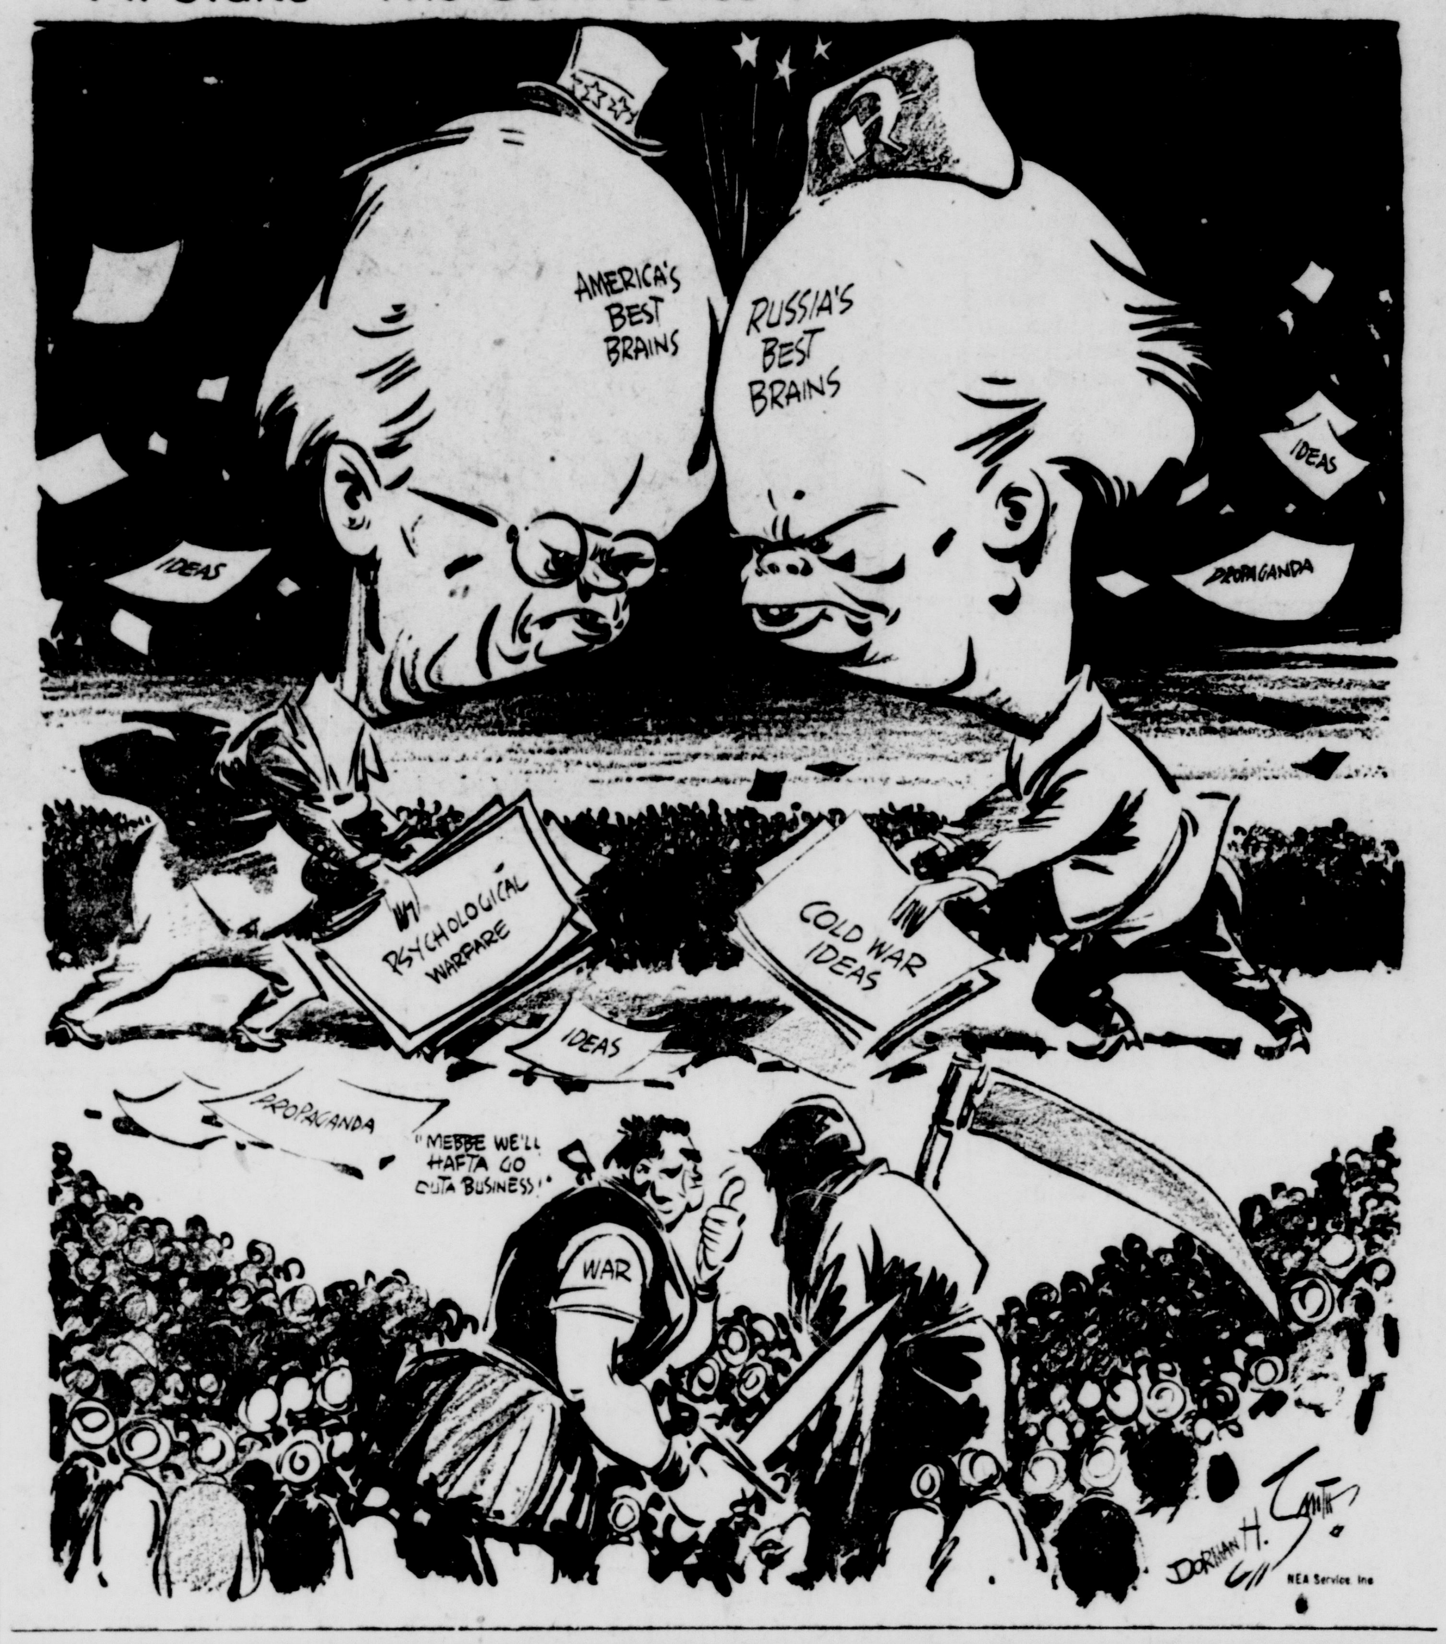
That this much needed treatment may be obtained in the home of the patient was mentioned some weeks ago in discussing the work of the mobile unit of the Canadian Arthritis and Rheumatism Society. This mobile unit with physician and nurse moves into a community and brings these healing measures right to the patient's bedside in the home.

In Clinical and Laboratories Notes in the Canadian Medical Association Journal, we read: "Supporting and supplementing the work of the general practitioner in care of arthritic patients is the mobile physiotherapy service of the Canadian Arthritis and Rheumatism Society. Approximately 30 mobile units operating in more than 24 scattered cities across Canada are bringing needed treatment to increasing numbers of homebound arthritic patients.

On the prescription of any qualified doctor practically all types of rheumatic disease are accepted for treatment although rheumatoid arthritis (commonest type of arthritis where ends of bone grow extra tissue or have their tissue destroyed) is the most frequent diagnosis in cases treated.

The article points out the well observed fact that the crippling effects of rheumatoid arthritis can be largely arrested if early diagnosis and prompt treatment are given. Unfortunately, if prompt treatment is not given and the ends of the bone have been overgrown or wasted to some extent, not much can be done except give relief from pain. It can thus readily be seen how important the mobile unit home treatment can be in cases where hospitalization is impossible.

At Stake---The Confidence of the World's Masses



Edson's Washington News Notebook

PETER EDSON
NEA Washington Correspondent

Washington — (NEA) — It doesn't pay to count tax reduction money till you get it, but the Bureau of Internal Revenue has already started worrying about what it will have to do if Congress changes the rates on individual income taxes.

Any change in rates means that new withholding-tax tables have to be computed, printed and distributed to the 3½ million employers, so they'll know how much to take out of your pay for Uncle Sam.

The "Employer's Tax Guide" which contains these tables is a 32-page book. Since big employers with large payrolls require many copies, BIR prints about double the immediate demand. The printing order this time will be about six million copies. It will take at least a month to prepare and distribute them.

If the tax cut is applied June 30, people who pay more than the withholding tax will have nearly three months in which to file amended returns of estimated income for their installment due Sept. 15. If the tax cut isn't applied till Oct. 1, taxpayers will have till Dec. 15 to file amended returns. And then they can claim a refund for the amount of the tax cut.

Clock Rules White House

American Legion National Commander Lewis . Gough has an unusual "first" insofar as appointments with President Eisenhower go. While thousands of people are doing their darndest to get in to see the President, Commander Gough took it upon himself to cancel a scheduled White House visit.

Legion headquarters had set up the appointment to find out what there was to rumors that the White House was planning to reorganize Veterans' Administration. All vets' organizations were getting a little panicky about the situation, and were irritated by what seemed like the President's stand-offish attitude toward them.

A few days before Gough's scheduled visit to Ike, the Legion learned that the study on VA reorganization had not yet reached the President's desk. Gough figured it wasn't worth seeing the President if he didn't know what the report was all about. So the appointment was cancelled.

Legion officials feared this might irk the White House. Much to their surprise and relief, they were congratulated. The most precious item in the executive offices today is time with the President. His staff thanked Gough for making some available.

Even Closet Doors Have Ears

While the Washington press corps complains about too much secrecy in the White House, President Eisenhower has been amazed by how little secrecy there is. James C. Hagerty, President Eisenhower's press secretary, says the President recently asked him if a luncheon talk he was to make to a group of guests in the White House was to be off the record. Hagerty says he told the President:

"I have discovered that in Washington, the only way to talk off the record is to get into a closet and talk to yourself—and even then something may leak out."

It's a Woman's Heaven

At the recent meeting of Democratic leaders with Gov. Adlai Stevenson, there was a lot of talk about reorganizing the National Committee headquarters, integrating the work of the women's division, which had been run somewhat separately, with regular party work. In other words, were women people, and should they be treated just like men voters?

Finally Governor Stevenson was called upon for his ideas and he opened with a story about Miss Pankhurst, the British suffragette leader in the early days of the women's rights fight.

Miss Pankhurst was arrested and thrown into jail so many times she got used to it. After one of her disturbances, she was locked up with a younger suffragette who had never been behind bars before. Quite disturbed by the experience, the young woman was sobbing bitterly over her disgrace. Miss Pankhurst tried to to administer comfort without much success, but finally said:

"Just you pray to God, and She will comfort you."

GOP Has Housing Problem

Republican National Committee headquarters in Washington is suffering from growing pains and [illegible] quarters. A year or so ago, under National Chairman [illegible] Gabrielson, GOP acquired a four-story office building about three blocks from the White House. But it was a narrow building, and even before the Chicago convention, GOP staff members were practically sitting on each others' laps.

Now that the party is in power, its business has mushroomed and it's more crowded than ever. National Chairman Wes Roberts is therefore keeping his campaign headquarters space in a Washington hotel, until he can figure some way to get his whole organization under one roof.

Front Page at Last

Sen. Bob Kerr of Oklahoma had some fast explaining to do when his wife brought to his breakfast table a morning paper which fornt-paged a picture of the senator kissing a 17-year-old essay winner from Muskogee, Okla., Mrs. Shirley Malone. The originality of her essay was questioned after she won the prize.

The senator explained to his wife that he had found Mrs. Malone in tears over having her authorship doubted. A photographer suggested that the senator chuck her under the chin to stop her crying and kiss her to make her smile. The senator said he would try, if she wouldn't laugh at him. She did, he did, and the photographer did his stuff, too.

Mrs. Kerr then told the senator off. "You have been in the Senate four years," she said. "Your gas bill was vetoed. You had a whirl at presidential politics. But not until you kissed a 17-year-old bride from Oklahoma did you get your picture on the front page of a Washington newspaper."

Money Saved Is Money Earned

In connection with the big new atomic energy plant near Table Grove, Ill., General Services Administration claims it saved the government half a million dollars by hanging onto this site, instead of selling it as surplus.

The land was formerly part of the 16,000-acre Camp Ellis, a World War 2 army training ground acquired at a cost of $1,440,000.

Department of Defense ordered it sold in 1950. But when the Korean war broke out, GSA withdrew it from sale, figuring that some other government agency might want it. Two years later the Atomic Energy Commission grabbed it.

A recent appraisal put value of the land at $1,940,000.

Governor Dewey Endorses Masonic Brotherhood Fund

Governor Thomas E. Dewey, in a recorded interview with Ward B. Arbury of Buffalo, Grand Master of Masons in the state, has given unqualified endorsement of the Masonic Brotherhood Fund of 1953 which supports research on rheumatic fever and allied diseases, it is made known by Otto C. Brown of Newburgh, area chairman of the fund for the Greene-Ulster District, Columbia and Dutchess Districts, and the Orange-Rockland District. The fund was opened on February 22 for contributions and will close on April 18.

Grants are made to six research units of medical colleges in the state to carry out the research program by the Masonic Foundation for Medical Research and Human Welfare. A million dollars has already been given by the Masons of the state for the program and it is expected several hundred thousand more will be contributed in the next six weeks.

In making the endorsement, Governor Dewey said in part:

"I am happy to endorse the Masonic Brotherhood Fund of 1953 and the program of research on rheumatic diseases. I followed the reports of the convention of physicians which the Masonic Foundation held at Syracuse last year. It made me very proud when one of the research men said that New York State had made greater progress in rheumatic fever research in the last five years than had been made in the country as a whole in the last 50 years.

"As the Governor of New York State, I am naturally pleased when we are given a compliment like that. But in addition, when I think that the main purpose of this program is to bring greater health to the children of the world, then I am happy indeed. I enthusiastically endorse the program of the Masonic Brotherhood Fund."

Governor Dewey is a member of Kane Lodge, 454, in New York City and was awarded the 33rd Degree by the Ancient and Accepted Scottish Rite Masons of the Northern Jurisdiction in 1951.

Now it was safe to lead trumps. South could lose only one trump, one diamond, and one club. He was sure to make his contract.

In the other room the Swedish declarer looked at the opening lead of the jack of clubs with deep suspicion. The trouble was that the Swedish expert had bid clubs, and this lead right into a bid suit looked like a singleton.

If the clubs were going to break badly, South's best chance to make the contract consisted in discarding a club rather than a diamond on dummy's king of spades. Eventually South would have to play a diamond from dummy in the hope that the king could win a trick.

Acting on this reasoning, South won the first trick with the ace of clubs, cashed the ace of spades, and then led the king of hearts at once.

The idea seemed very good at the time, but the result was disaster. East pounced on the trick with his ace of hearts and returned a diamond through declarer's king. West took his two diamond trick and exited safely with another diamond, after which he had only to wait patiently for a club trick to come to him to set the contract.

South looked rather sheepish after managing to be defeated at a contract that was ice-cold. If the clubs had actually broken four-one, however, South would have been the hero, and the American declarer in the other room would have been the goat.

KINGSTON, NEW YORK, FEBRUARY 28, 1953

NEWBURGH EXPRESSES SYMPATHY

Recent communications from the Ulster County Real Estate Board and the Kingston Chamber of Commerce express anxiety over the delay in the construction of the Kingston-Rhinecliff Bridge.

It had been anticipated that work on the structure would be started this spring and possibly completed the latter part of next year since approval had been given by all necessary agencies of government.

Newburgh also is expressing interest in the progress of the Kingston span, because until that structure is completed, the Newburgh project can only mark time. Newburgh and Beacon will be happy to lend their assistance to Kingston and Rhinecliff in any way they can to get the bridge here into use with the least delay possible.

Aside from the self-interest, Newburgh feels sorry for Kingston because it is isolated. Its expression of sympathy is expressed in the following editorial:

One reason Newburgh and Beacon residents support construction of Kingston-Rhinebeck bridge at the earliest possible time is that they recognize Kingston's comparatively isolated position with regard to both railroads and highways. The river is a barrier that prevents free flow of traffic, inconveniences citizens, and handicaps development.

Because of limited passenger service on the West Shore Railroad, Kingston residents wishing to travel by rail to New York have to patronize the New York Central. While it is true there is a station across the river, reached by ferry, Rhinebeck is such a small town that only a few trains—unsatisfactory ones—stop there.

So it is customary for Kingston folk, not wishing to make a hundred-mile round trip by car, to motor to Poughkeepsie, park their cars, and board trains there.

This for Newburghers would be like motoring up to Poughkeepsie to get train accommodations. Fortunately there are stops by good trains in Beacon, and there is a good ferry service.

Kingston has been patient and long suffering. No one questions its need for a bridge, and its right to it. We downrivermen rejoice that everything has been cleared up for start of construction.

GASOLINE TAX BOOST

The New York Good Roads Association declares that the proposed two-cent increase in the gasoline tax is long overdue. The group points out that there has been no change in the state's gasoline tax rate since 1937, but during this 15-year period the cost of building roads has more than doubled.

The Association also maintains that reports that the state is diverting highway user tax revenues to non-highway purposes are unfair and misleading. According to the New York State Division of the Budget, the state is actually making more money available for highways than it receives from highway user taxes.

In arguing for the increased tax, the Association says that while highway construction and maintenance costs have increased, traffic volumes have skyrocketed, placing a tremendous responsibility upon the state to modernize the highways. Obviously, the state cannot catch up on its road construction needs in the face of sharply rising costs and vastly increased traffic volume unless it makes a corresponding increase in taxes. Since it costs less to have good roads than it does to put up with poor ones, such an increase is a wise investment.

The New York Petroleum Industries have a different idea about the tax boost. They say an increase in the state gasoline tax under present circumstances would be a crying injustice to every New York motor vehicle owner. The oil men declare that the record of New York in diverting highway user tax revenue to non-highway purposes is such that the state has no justification for asking its motorists to pay more taxes on gasoline.

The Petroleum Committee points out that the budget for the 1953-54 fiscal year provides for the diversion of approximately $68,000,000 of road tax money to the support of other governmental functions. It also cites official U. S. Department of Commerce Bureau of Public Roads reports that New York has diverted more than $900,000,000 of highway user tax money to non-highway purposes in past years.

A two cents per gallon increase in the state gasoline tax would cost New York motor vehicle owners about $50,000,000 a year.

The proposal is said to be a "feeler" for public sentiment on the question. If you are interested let your legislators know how you feel on the proposed boost.

'These Days'

By GEORGE SOKOLSKY

W. BRADLEY CONNORS

It used to be that the State Department was the most difficult agency of government to get into. Education, family, even private means were essential. Apparently in the democracy of the New Deal, background ceased to be a requirement.

For instance, W. Bradley Connors has held one of the most important jobs in the State Department. He had been an adviser to General George Marshall in China; helped to write Marshall's speeches, statements and reports. He has been in absolute control of policy so far as the international information service is concerned.

What background does he possess to equip him for such high office and such responsibility? He graduated from the Newark (N. J.) Academy and spent two years (1934 to 1936) at Yale. He then went to work for the Public Service Corporation of New Jersey, a public utility, and not staying there long, he worked on the Newark Star-Ledger. From there he moved to the OWI and the State Department where his rise was swift.

While there is no evidence of training, he is one of the very top men in our administration. This is the exact wording of his importance:

"The chairman (Senator McCarthy): Actually are you what would be known as the top man in so far as policy for the information program is concerned?

"Mr. Connors: Yes, sir."

Now this country is engaged in a cold and hot war with Soviet Russia—cold in Europe, hot in Korea. The business of the information service and the Voice of America is to set off the United States favorably and to oppose Communism, Marxism, Stalinism, and the line pursued by Soviet Russia. This involves not only a technical knowledge of psychological warfare but a profound knowledge of what the Russians are telling the world and what the meaning of Communism is, particularly contrasting the doctrines of Marx-Lenin-Stalin, which influence about 800,000,000 people, with the philosophy of Americanism, which is combatting the Russian influence with the blood of American sons and the earnings of American taxpayers.

Does W. Bradley Connors, who is in charge of policy, know anything about all this? Mark his words:

"The chairman: Mr. Connors, how much of an authority are you on the Communist movement?

"Mr. Connors: I am not.

"The chairman: You are not an authority. Have you ever read any of the works of Marx or Lenin, Engels?

"Mr. Connors: No, sir.

"The chairman: Any of the works of Stalin?

"Mr. Connors: No, sir.

"The chairman: Have you ever studied a history of the Communist movement, their methods of operation?

"Mr. Connors: I have never studied them.

"The chairman: In other words, as far as you are concerned, your mind is pretty much a blank as far as the workings of the Communist Party is concerned?"

In a word, here is a man who has personally witnessed the Communist Revolution in China, who has advised General George Marshall when the latter was negotiating a truce between Chinese Communists and Chinese Nationalists, who controls the American information services on the subject and yet who has admittedly never shown sufficient curiosity to find out what it is all about.

Connors's defense is that he depends "on research and intelligence."

Senator Joe McCarthy asked him:

". . . just forgetting for the time being your name is Brad Connors and forget for the time being you are the policy director, would you say it is wise to have as policy director a man who says, 'I have never studied the works on any of the authorities of Communism, I have never studied the Communist movement, I have never studied to determine how they work, how they infiltrate'? Do you think it is wise to have a man with that complete lack of knowledge by his own admission directing the policy of a multimillion dollar program that is designed to fight Communism? . . ."

That question ought to be answered not by Connors but by General George Marshall and by Dean Acheson, who pushed this man into high responsibility for which he himself stated that he had no preparation. This is typical of the kind of men employed, the justification usually being that they are not "controversial personalities."

That Body of Yours

By JAMES W. BARTON, M.D.

ARTHRITIS AND RHEUMATISM SOCIETY

Physicians, patients, and the families of patients are well aware of the difficulty and, in some cases, actual impossibility of having patients suffering with rheumatism and arthritis obtain the necessary physiotherapy (treatment by heat, electricity, massage).

That this much needed treatment may be obtained in the home of the patient was mentioned some weeks ago in discussing the work of the mobile unit of the Canadian Arthritis and Rheumatism Society. This mobile unit with physician and nurse moves into a community and brings these healing measures right to the patient's bedside in the home.

In Clinical and Laboratories Notes in the Canadian Medical Association Journal, we read: "Supporting and supplementing the work of the general practitioner in care of arthritic patients is the mobile physiotherapy service of the Canadian Arthritis and Rheumatism Society. Approximately 30 mobile units operating in more than 24 scattered cities across Canada are bringing needed treatment to increasing numbers of homebound arthritic patients.

On the prescription of any qualified doctor practically all types of rheumatic disease are accepted for treatment although rheumatoid arthritis (commonest type of arthritis where ends of bone grow extra tissue or have their tissue destroyed) is the most frequent diagnosis in cases treated.

The article points out the well observed fact that the crippling effects of rheumatoid arthritis can be largely arrested if early diagnosis and prompt treatment are given. Unfortunately, if prompt treatment is not given and the ends of the bone have been overgrown or wasted to some extent, not much can be done except give relief from pain. It can thus readily be seen how important the mobile unit home treatment can be in cases where hospitalization is impossible.

Washington — (NEA) — It doesn't pay to count tax reduction money till you get it, but the Bureau of Internal Revenue has already started worrying about what it will have to do if Congress changes the rates on individual income taxes.

Any change in rates means that new withholding-tax tables have to be computed, printed and distributed to the 3½ million employers, so they'll know how much to take out of your pay for Uncle Sam.

The "Employer's Tax Guide" which contains these tables is a 32-page book. Since big employers with large payrolls require many copies, BIR prints about double the immediate demand. The printing order this time will be about six million copies. It will take at least a month to prepare and distribute them.

If the tax cut is applied June 30, people who pay more than the withholding tax will have nearly three months in which to file amended returns of estimated income for their installment due Sept. 15. If the tax cut isn't applied till Oct. 1, taxpayers will have till Dec. 15 to file amended returns. And then they can claim a refund for the amount of the tax cut.

Clock Rules White House

American Legion National Commander Lewis . Gough has an unusual "first" insofar as appointments with President Eisenhower go. While thousands of people are doing their darndest to get in to see the President, Commander Gough took it upon himself to cancel a scheduled White House visit.

Legion headquarters had set up the appointment to find out what there was to rumors that the White House was planning to reorganize Veterans' Administration. All vets' organizations were getting a little panicky about the situation, and were irritated by what seemed like the President's stand-offish attitude toward them.

A few days before Gough's scheduled visit to Ike, the Legion learned that the study on VA reorganization had not yet reached the President's desk. Gough figured it wasn't worth seeing the President if he didn't know what the report was all about. So the appointment was cancelled.

Legion officials feared this might irk the White House. Much to their surprise and relief, they were congratulated. The most precious item in the executive offices today is time with the President. His staff thanked Gough for making some available.

Even Closet Doors Have Ears

While the Washington press corps complains about too much secrecy in the White House, President Eisenhower has been amazed by how little secrecy there is. James C. Hagerty, President Eisenhower's press secretary, says the President recently asked him if a luncheon talk he was to make to a group of guests in the White House was to be off the record. Hagerty says he told the President:

"I have discovered that in Washington, the only way to talk off the record is to get into a closet and talk to yourself—and even then something may leak out."

It's a Woman's Heaven

At the recent meeting of Democratic leaders with Gov. Adlai Stevenson, there was a lot of talk about reorganizing the National Committee headquarters, integrating the work of the women's division, which had been run somewhat separately, with regular party work. In other words, were women people, and should they be treated just like men voters?

Finally Governor Stevenson was called upon for his ideas and he opened with a story about Miss Pankhurst, the British suffragette leader in the early days of the women's rights fight.

Miss Pankhurst was arrested and thrown into jail so many times she got used to it. After one of her disturbances, she was locked up with a younger suffragette who had never been behind bars before. Quite disturbed by the experience, the young woman was sobbing bitterly over her disgrace. Miss Pankhurst tried to to administer comfort without much success, but finally said:

"Just you pray to God, and She will comfort you."

GOP Has Housing Problem

Republican National Committee headquarters in Washington is suffering from growing pains and [illegible]. A year or so ago, under National Chairman [illegible], GOP acquired a four-story office building about three blocks from the White House. But it was a narrow building, and even before the Chicago convention, GOP staff members were practically sitting on each others' laps.

Now that the party is in power, its business has mushroomed and it's more crowded than ever. National Chairman Wes Roberts is therefore keeping his campaign headquarters space in a Washington hotel, until he can figure some way to get his whole organization under one roof.

Front Page at Last

Sen. Bob Kerr of Oklahoma had some fast explaining to do when his wife brought to his breakfast table a morning paper which fornt-paged a picture of the senator kissing a 17-year-old essay winner from Muskogee, Okla., Mrs. Shirley Malone. The originality of her essay was questioned after she won the prize.

The senator explained to his wife that he had found Mrs. Malone in tears over having her authorship doubted. A photographer suggested that the senator chuck her under the chin to stop her crying and kiss her to make her smile. The senator said he would try, if she wouldn't laugh at him. She did, he did, and the photographer did his stuff, too.

Mrs. Kerr then told the senator off. "You have been in the Senate four years," she said. "Your gas bill was vetoed. You had a whirl at presidential politics. But not until you kissed a 17-year-old bride from Oklahoma did you get your picture on the front page of a Washington newspaper."

Money Saved Is Money Earned

In connection with the big new atomic energy plant near Table Grove, Ill., General Services Administration claims it saved the government half a million dollars by hanging onto this site, instead of selling it as surplus.

The land was formerly part of the 16,000-acre Camp Ellis, a World War 2 army training ground acquired at a cost of $1,440,000.

Department of Defense ordered it sold in 1950. But when the Korean war broke out, GSA withdrew it from sale, figuring that some other government agency might want it. Two years later the Atomic Energy Commission grabbed it.

A recent appraisal put value of the land at $1,940,000.

Governor Dewey Endorses Masonic Brotherhood Fund

Governor Thomas E. Dewey, in a recorded interview with Ward B. Arbury of Buffalo, Grand Master of Masons in the state, has given unqualified endorsement of the Masonic Brotherhood Fund of 1953 which supports research on rheumatic fever and allied diseases, it is made known by Otto C. Brown of Newburgh, area chairman of the fund for the Greene-Ulster District, Columbia and Dutchess Districts, and the Orange-Rockland District. The fund was opened on February 22 for contributions and will close on April 18.

Grants are made to six research units of medical colleges in the state to carry out the research program by the Masonic Foundation for Medical Research and Human Welfare. A million dollars has already been given by the Masons of the state for the program and it is expected several hundred thousand more will be contributed in the next six weeks.

In making the endorsement, Governor Dewey said in part:

"I am happy to endorse the Masonic Brotherhood Fund of 1953 and the program of research on rheumatic diseases. I followed the reports of the convention of physicians which the Masonic Foundation held at Syracuse last year. It made me very proud when one of the research men said that New York State had made greater progress in rheumatic fever research in the last five years than had been made in the country as a whole in the last 50 years.

"As the Governor of New York State, I am naturally pleased when we are given a compliment like that. But in addition, when I think that the main purpose of this program is to bring greater health to the children of the world, then I am happy indeed. I enthusiastically endorse the program of the Masonic Brotherhood Fund."

Governor Dewey is a member of Kane Lodge, 454, in New York City and was awarded the 33rd Degree by the Ancient and Accepted Scottish Rite Masons of the Northern Jurisdiction in 1951.

WILTED FLOWERS

A very distressing situation is presented in the following letter: "Several times a year—birthday, anniversary, and at the holiday season—a dear friend of mine, who lives in a distant city, wires flowers to me from a local florist. These flowers are by no means fresh when they arrive—barely lasting throughout the day. I never have mentioned this to her, but always thanked her for the 'lovely flowers.' My husband thinks I am wrong in not telling her about this, but I hesitate to do so for fear of hurting her feelings. Will you please give me your opinion?"

I certainly think you should do something about it since it happens several times a year. My suggestion would be to write, or telephone, the florist and say that on several occasions flowers sent by Mrs. Smith from his shop arrived in a withered condition. Tell him that you do not want to tell her about it and are complaining to him directly so that he can remedy the cause.

Addressing the Clergy

Dear Mrs. Post: Will you please tell me the correct way to address the pastor of my church when meeting him on the street? I hear people call him Reverend but to me this is incorrect, as Reverend is an adjective. I think he should be called Mr. Saintly when speaking to him and addressed as The Rev. John Saintly when writing to him. Your opinion on this matter will be appreciated.

Answer: Although you are correct in your opinion, it will be best to follow the example your neighbors set.

Answering Formal Invitation

Dear Mrs. Post: I know it is correct to answer a formal invitation, such as a wedding invitation, in the third person. However, when such an invitation is received from a relative or very close friend, would it be correct to answer with a short personal note, or even possibly by telephone?

Answer: Yes, certainly!

* * *

Are you planning a double wedding? Mrs. Post is sorry she cannot answer personal mail. However, her leaflet E-2, "Formal Wedding Procedure," describes the double wedding ceremony. To obtain a copy, send 10 cents in coin to her, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

The Disadvantages of Speed

In a world where the advantages of speed are being heralded from the house tops surely some tiny voice should be raised to remind us that speed also has its disadvantages. A good many folks are now sleeping in graves, who last year at this time were walking around, simply because their feet were foolishly heavy on the accelerator. (I am assuming you accept the underlying judgment that to occupy a grave thus prematurely is a disadvantage.)

Speed has other liabilities, too, besides that of losing one's neck or having it instantly disjointed. There is so much we miss when we hurry. Some years ago a suggestive writer pointed out that the human eye is adjusted to the gait of human feet. That is to say, the eye can't catch the beauties of nature, with any degree of adequacy, while rushing through the countryside in a car. You have to walk if you really want to see the world. The eye can't take it in any faster than the feet can serve it up. The Good Lord made some delicate adjustments when He created us; and this is one of them.

Moreover, there is a social liability which is a direct result of a speeding age. We are in such a rush, going here and there, that we have no eye to notice a neighbor is in trouble. The point is that probably his troubles could be lessened a whole lot if we only had (or took) just a little more time to listen to them and to bolster him with some good old-fashioned neighborly understanding and heart-inspired sympathy. We don't have time for any real neighborliness any more, it seems, and we thus add to the world's burden and tension by being too busy to help one another.

"It does a heap o' good sometimes,
to go a little slow,
To say a word o' comfort to th'
man that's stubbed his toe."

But we don't seem to have the wisdom to take the time to speak those words of comfort any more. "Let the man who has the stubbed toe worry about his own trouble; we must be off to the next engagement!"

But one tremendous fact we miss. If we only took a little more time for such friendly sharing we would make our own load a lot easier. For as someone has said: "The best way to get rid of your own troubles is to take unto yourself the troubles of others." So it turns out that our speed, besides being a very distinct disadvantage to our neighbor who needs us, is also one of the brand new ways for robbing ourselves which a fast-moving age has produced.

TV Develops New Trend in Accessories

Entertaining during the television evening has developed an entirely new trend in the design of accessories for the home, Mr. and Mrs. M. H. Englander of the Mid-Way Gift Shop on central Broadway reported upon their return from the New York Gift Show.

The show opened Sunday, Feb. 22, at the Gift and Art Center, Fifth avenue, and continued through this week. The Hotels New Yorker and Statler were the headquarters. The registration of buyers was the largest in the history of this event, with many of the finest gift shops on the eastern seaboard represented. Miss Anne Saum, New York University faculty member, outlined decorative trends at a meeting Tuesday evening of the Gift and Decorative Accessories Association.

Among the novel items developed with TV in mind, the Englanders reported, are the latest television lamps designed for beauty as well as practicality. Snack servers, called "panhandles," feature extra-long handles which allow the hostess to "pass the pretzels" without moving from her comfortable chair or missing a scene of her favorite program. Magnetic lap trays, each with its own magnetized coaster, are also featured.

Ask TV Extension

Albany, Feb. 28 (AP)—The Federal Communications Commission has been asked to extend for another year construction permits for seven of 10 proposed educational television stations in upstate New York. A spokesman for the State Education Department said yesterday that Jacob L. Holtzman of New York city, chairman of a special Board of Regents' committee, had filed the request with the FCC last Friday. Under present regulations, the permits will expire June 2. Applications for permits for the other three stations in the Regents' proposed network are being processed by the FCC. They are at Poughkeepsie, Malone and Jamestown. The seven stations for which extension permits are sought are proposed for Albany, Buffalo, Rochester, New York city, Binghamton, Syracuse and Ithaca.

Red Cross Month

Albany, Feb. 28 (AP)—March will be Red Cross month in New York state. Gov. Dewey, in a proclamation yesterday, called the Red Cross "the sympathetic heart of America" and urged New Yorkers to donate blood and money.

Helicopter Aids Skier

Tokyo, Feb. 28 (AP) — Two medics parachuted near a resort hotel in northern Japan Friday to treat an American girl who broke her leg in a ski fall. A helicopter flew her to Tokyo early today. The girl was identified as Daryl Winans, 23-year-old daughter of Fenton E. Winans of the Rogers Trading Company. The air force reported she suffered multiple fractures on her right leg late Thursday in a ski fall. She was rushed to a nearby resort hotel, where the leg was set.

Sings Two Major Roles

New York, Feb. 28 (AP)—Jean Madeira sang two major roles in the same opera at the Metropolitan Opera House last night. It was believed to be the first time a singer performed this fete at the Met. In the second scene of the first act of the opera, The Rake's Progress, Miss Madeira sang as Mother Goose, a brothel keeper. During the rest of the opera, she donned a beard to sing the role of Baba the Turk, a circus bearded lady. The dual role resulted from the illness of Martha Lipton, originally scheduled to sing Mother Goose.

To Visit West Point

West Point, Feb. 28 (AP)—Gen. James Van Fleet, retired commander of the Eighth Army in Korea, is scheduled to visit here next Monday with members of his family. A military academy spokesman said yesterday that Van Fleet would visit with his sons-in-law and daughters; Lt. Col. and Mrs. J. A. McChristian, and Lt. Col. and Mrs. E. T. McConnell. The general was slated to arrive at Stewart Air Force base, Newburgh.

Parked Car Is Hit

City police received a call at 3:43 p. m. yesterday from Dorothea Brandt of 119 Hunter street reporting that her car had been struck by a hit-and-run driver while it was parked on West O'Reilly street. She reported that the rear fender and door were damaged.

Daughter to Ex-King

Lausanne, Switzerland, Feb. 28 (AP) — A five-pound daughter was born to former King Michael of Romania and his wife, Princess Anne of Bourbon Parma, at a clinic here today. The baby is the third daughter for the King.

NAMES

We have always believed that the publicizing of names in connection with our business was quite unnecessary, because our customers have shown such confidence in our judgment in offering them finer furniture for less money, in Nationally known brands. This we are able to do without sacrificing quality only because of our lower overhead. But now, we are becoming aware of the fact that there are some stores in the Kingston shopping area who are attempting to discredit our merchandise simply because we haven't made any attempt to capitalize on name lines. We have always thought the name, Butler, known in the furniture trade for three generations, was sufficient as a guarantee of satisfaction, and our rapid expansion into the largest wayside Furniture Store in Ulster county, has proven our point, but the methods employed by stores envious of our policy of better furniture at lower cost to you, compels us to publish the following list—

GOOD TASTE TODAY

WILTED FLOWERS

A very distressing situation is presented in the following letter: "Several times a year—birthday, anniversary, and at the holiday season—a dear friend of mine, who lives in a distant city, wires flowers to me from a local florist. These flowers are by no means fresh when they arrive—barely lasting throughout the day. I never have mentioned this to her, but always thanked her for the 'lovely flowers.' My husband thinks I am wrong in not telling her about this, but I hesitate to do so for fear of hurting her feelings. Will you please give me your opinion?"

I certainly think you should do something about it since it happens several times a year. My suggestion would be to write, or telephone, the florist and say that on several occasions flowers sent by Mrs. Smith from his shop arrived in a withered condition. Tell him that you do not want to tell her about it and are complaining to him directly so that he can remedy the cause.

Addressing the Clergy

Dear Mrs. Post: Will you please tell me the correct way to address the pastor of my church when meeting him on the street? I hear people call him Reverend but to me this is incorrect, as Reverend is an adjective. I think he should be called Mr. Saintly when speaking to him and addressed as The Rev. John Saintly when writing to him. Your opinion on this matter will be appreciated.

Answer: Although you are correct in your opinion, it will be best to follow the example your neighbors set.

Answering Formal Invitation

Dear Mrs. Post: I know it is correct to answer a formal invitation, such as a wedding invitation, in the third person. However, when such an invitation is received from a relative or very close friend, would it be correct to answer with a short personal note, or even possibly by telephone?

Answer: Yes, certainly!

* * *

Are you planning a double wedding? Mrs. Post is sorry she cannot answer personal mail. However, her leaflet E-2, "Formal Wedding Procedure," describes the double wedding ceremony. To obtain a copy, send 10 cents in coin to her, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

The Disadvantages of Speed

In a world where the advantages of speed are being heralded from the house tops surely some tiny voice should be raised to remind us that speed also has its disadvantages. A good many folks are now sleeping in graves, who last year at this time were walking around, simply because their feet were foolishly heavy on the accelerator. (I am assuming you accept the underlying judgment that to occupy a grave thus prematurely is a disadvantage.)

Speed has other liabilities, too, besides that of losing one's neck or having it instantly disjointed. There is so much we miss when we hurry. Some years ago a suggestive writer pointed out that the human eye is adjusted to the gait of human feet. That is to say, the eye can't catch the beauties of nature, with any degree of adequacy, while rushing through the countryside in a car. You have to walk if you really want to see the world. The eye can't take it in any faster than the feet can serve it up. The Good Lord made some delicate adjustments when He created us; and this is one of them.

Moreover, there is a social liability which is a direct result of a speeding age. We are in such a rush, going here and there, that we have no eye to notice a neighbor is in trouble. The point is that probably his troubles could be lessened a whole lot if we only had (or took) just a little more time to listen to them and to bolster him with some good old-fashioned neighborly understanding and heart-inspired sympathy. We don't have time for any real neighborliness any more, it seems, and we thus add to the world's burden and tension by being too busy to help one another.

"It does a heap o' good sometimes,
to go a little slow,
To say a word o' comfort to th'
man that's stubbed his toe."

But we don't seem to have the wisdom to take the time to speak those words of comfort any more. "Let the man who has the stubbed toe worry about his own trouble; we must be off to the next engagement!"

But one tremendous fact we miss. If we only took a little more time for such friendly sharing we would make our own load a lot easier. For as someone has said: "The best way to get rid of your own troubles is to take unto yourself the troubles of others." So it turns out that our speed, besides being a very distinct disadvantage to our neighbor who needs us, is also one of the brand new ways for robbing ourselves which a fast-moving age has produced.

TV Develops New Trend in Accessories

Entertaining during the television evening has developed an entirely new trend in the design of accessories for the home, Mr. and Mrs. M. H. Englander of the Mid-Way Gift Shop on central Broadway reported upon their return from the New York Gift Show.

The show opened Sunday, Feb. 22, at the Gift and Art Center, Fifth avenue, and continued through this week. The Hotels New Yorker and Statler were the headquarters. The registration of buyers was the largest in the history of this event, with many of the finest gift shops on the eastern seaboard represented. Miss Anne Saum, New York University faculty member, outlined decorative trends at a meeting Tuesday evening of the Gift and Decorative Accessories Association.

Among the novel items developed with TV in mind, the Englanders reported, are the latest television lamps designed for beauty as well as practicality. Snack servers, called "panhandles," feature extra-long handles which allow the hostess to "pass the pretzels" without moving from her comfortable chair or missing a scene of her favorite program. Magnetic lap trays, each with its own magnetized coaster, are also featured.

Ask TV Extension

Albany, Feb. 28 (AP)—The Federal Communications Commission has been asked to extend for another year construction permits for seven of 10 proposed educational television stations in upstate New York. A spokesman for the State Education Department said yesterday that Jacob L. Holtzman of New York city, chairman of a special Board of Regents' committee, had filed the request with the FCC last Friday. Under present regulations, the permits will expire June 2. Applications for permits for the other three stations in the Regents' proposed network are being processed by the FCC. They are at Poughkeepsie, Malone and Jamestown. The seven stations for which extension permits are sought are proposed for Albany, Buffalo, Rochester, New York city, Binghamton, Syracuse and Ithaca.

Red Cross Month

Albany, Feb. 28 (AP)—March will be Red Cross month in New York state. Gov. Dewey, in a proclamation yesterday, called the Red Cross "the sympathetic heart of America" and urged New Yorkers to donate blood and money.

Refreshments were served. There will be a second smocking lesson Wednesday night, March 4, at the home of Mrs. vanLaer, Sr., at 7:30. At the next monthly meeting March 18 Mrs. Stantial from the Home Bureau Office will speak.

Helicopter Aids Skier

Tokyo, Feb. 28 (AP) — Two medics parachuted near a resort hotel in northern Japan Friday to treat an American girl who broke her leg in a ski fall. A helicopter flew her to Tokyo early today. The girl was identified as Daryl Winans, 23-year-old daughter of Fenton E. Winans of the Rogers Trading Company. The air force reported she suffered multiple fractures on her right leg late Thursday in a ski fall. She was rushed to a nearby resort hotel, where the leg was set.

Sings Two Major Roles

New York, Feb. 28 (AP)—Jean Madeira sang two major roles in the same opera at the Metropolitan Opera House last night. It was believed to be the first time a singer performed this fete at the Met. In the second scene of the first act of the opera, The Rake's Progress, Miss Madeira sang as Mother Goose, a brothel keeper. During the rest of the opera, she donned a beard to sing the role of Baba the Turk, a circus bearded lady. The dual role resulted from the illness of Martha Lipton, originally scheduled to sing Mother Goose.

To Visit West Point

West Point, Feb. 28 (AP)—Gen. James Van Fleet, retired commander of the Eighth Army in Korea, is scheduled to visit here next Monday with members of his family. A military academy spokesman said yesterday that Van Fleet would visit with his sons-in-law and daughters; Lt. Col. and Mrs. J. A. McChristian, and Lt. Col. and Mrs. E. T. McConnell. The general was slated to arrive at Stewart Air Force base, Newburgh.

Daughter to Ex-King

Lausanne, Switzerland, Feb. 28 (AP) — A five-pound daughter was born to former King Michael of Romania and his wife, Princess Anne of Bourbon Parma, at a clinic here today. The baby is the third daughter for the King.

NAMES

We have always believed that the publicizing of names in connection with our business was quite unnecessary, because our customers have shown such confidence in our judgment in offering them finer furniture for less money, in Nationally known brands. This we are able to do without sacrificing quality only because of our lower overhead. But now, we are becoming aware of the fact that there are some stores in the Kingston shopping area who are attempting to discredit our merchandise simply because we haven't made any attempt to capitalize on name lines. We have always thought the name, Butler, known in the furniture trade for three generations, was sufficient as a guarantee of satisfaction, and our rapid expansion into the largest wayside Furniture Store in Ulster county, has proven our point, but the methods employed by stores envious of our policy of better furniture at lower cost to you, compels us to publish the following list—

Voice over telephone—This is the Hooper radio survey. Did you have your radio on last night?
Housewife—Yes.
Voice—Well, how did it fit?

Tom Morgan, New York Yankee pitcher, now in service, lives on Baseball Avenue, Elmonto, Cal.—T. J. McInerney, New Hyde Park, Long Island, N. Y.

Western States blizzards, Atlantic storms, Philadelphia's paralysis in December—all point to man's futility when confronted with Nature on a rampage.

Corporal—Now, Private, if you stood with your back to the north and your face to the south, what would be on your left hand?
Private—Fingers.

Be what you want other people to be—but be it first!

The weaker sex is the stronger sex because of the weakness of the stronger sex for the weaker sex.

Girl — (displaying engagement ring to friend) It was really quite simple! . . . I always looked my best, smiled my sweetest, acted my nicest . . . and waited until I could have screamed!"—Lichty, Chicago Sun-Times Syndicate.

Lieutenant Bailey, youthful air force pilot, had just landed his fighter after a mission north of the Thirty-eighth Parallel and went in to report to his commanding officer.
C. O.—Were you nervous during the attack
Bailey—Who? Me? No sir, I was cool as a cucumber through the whole show.

C. O.—Swell. I just thought you might have been a little jittery when you radioed that 15,000 enemy jets were coming in a eight feet.

KHS Rallies to Defeat Beacon, 69-67; Middies Here Tonight

Rose Schatzel's 632 Series Tops Women's Classic League Firing

Rose Schatzel sizzled for a hefty 632 blast to feature the pin-busting Friday night in the Women's Classic League at the Bowlodrome.

The Q "Queen" opened with a solid 234 blast and followed with counts of 198 and 202 for her big triple, the No. 1 bowled in local tenpin circles last night.

Jessie Burnett came in for runnerup honors with a sturdy 596 blast topped by a 223 solo.

Harold Broskie, meanwhile, captured top honors for the male trundlers in last night's outings.

Rolling in the Ferraro Classic wheel, Broskie fired 196-247-180 for 623, the lone 600 bowled in the circuit.

Trailing Mrs. Schatzel and Mrs. Burnett in the Women's Classic came Elizabeth Schoonmaker, the KWBA prexy, who matched Rose Schatzel's 234 singleton in the opening game and finished with a 566 series.

Other top efforts included Marie Kelekian with 200-558; Ada Markle 555, Elizabeth Bruck 530; Bev Port 516; Dolores Bailey 484; Bertha Schaller 203-483; Charlotte Lapine 480; Phyl Gehringer 475; Flo Maley 203-474; Phyl Roosa 471 and Tess Moss 470.

Team results:

Regina's 2, Rowe's Shoes 1; Meyers Jewelers 2, Bruck Funeral Home 1; Perry's Taxi 3, State Diner 0; Alpine 2, Kaye Sportwair 1; San Bar 2, Manhattan Bowling Balls 1.

Buddy Greenburg's 246 solo paced him to a 586 three-timer for runnerup honors to Harold Broskie in the Ferraro Classic loop.

Fred Ferraro placed third with 202-583; Joe Ausanio hit 578; Ken Powell 200-559; Chris Robinson 207-556; Art Buddenhagen 544; Ronnie Mauro 538; John Haulenbeck 529; Jim Benicase 522; George Schick 213-521; Ralph Garafalo 517; Abe Smith 511 and Scott Vining 207-509.

Barrows Motors, winning three from Greco Brothers, increased their lead to three games over Esso Oil.

Team results:

Central Hudson 2, Ballantine 1; Modjeskas 2, Esso Oil 1; Barrows Motors 3, Greco Brothers 0; Newcombe Oil 2, Jo-Al's 1.

Livia Tenedini Hits 599

Livia Tenedini uncorked a nifty 599 blast for a new Women's Nite Cap League record at the New Paltz lanes this week. Mrs. Tenedini shot 216-177-206 for the new mark.

M. Osterhoudt rolled 482; Kay Houska 475; S. Caram 470; J. Weaver 468; E. DePuy 463; S. Walthery 453.

Team results:

Lorenzens 2, Mobile Flame 1; Dairymaids 3, Venetians 0; New Paltz Savings Bank 3, Osterhoudts 0; Downtown Market 2, Amocoettes 1.

The New Paltz Savings Bank squad established a new team triple mark of 2310.

Top pinfall in the Everybody's circuit last night went to Allan Hoey who shot 209-190-187 for 586 in the Friday night loop.

Tommy Welch took the No. 2 position with 569.

Also of note were F. D. Schryver with 562; H. Rice 555; F. J. Schryver 542; O. Felipe 201-534; Bob Dedrick 533; Joe Bruno 210-533; J. Schatzel 532; M. Swart 509; D. Durr 504; H. Hines 504 and Ray Houghtaling 501.

Team results:

Greco Brothers 2, Cott Beverages 1; Welch's Grocery 3; Incoro Inc., 0; Island Dock 2, Vet NCO Association 1; Sparky's Tavern 2, Connelly Market 1.

Secretary Dick Waltham led his Electrol League shooters Friday night at the Bowlodrome with a string of 200-143-209 for 552.

Ten pins off the pace in the No. 2 position was Tony LaRocca who fired 542.

Mike Celuck posted 531; Reg Deyo 231-529; Ray Alward 510; A. Goechler 507; Tom Parker 504; George Castor 502; R. Hull 225-502.

Marcune Awarded Split Decision

New York, Feb. 28 (AP)—It was the same old story today after a Madison Square Garden fight. Split decision again. This time Pat Marcune of Brooklyn edged out Lauro Salas, the former lightweight champion from Mexico.

It was the fifth main event out of the last seven in the garden to be decided by split, or majority vote. The bout was telecast coast to coast as were last Wednesday's fight from St. Louis and Saturday's tussle in Boston. Both of those affairs ended in splits, too, so New York hasn't any monopoly on divided verdicts.

Nine of thirteen writers at the ringside thought the slowed down Salas won the strength of a frantic rally in the final two rounds. Most of the small crowd of 4,034 (gate $10,967) apparently agreed with the decision judging by the heavy cheering against scattered boos.

The payoff, however, is on how the officials vote. Referee Petey Scalzo (5-4-1) and Judge Arthur Aidala (6-3-1) scored for Marcune, a 7 to 5 underdog, while Judge Frank Forbes had it exactly even, 5-5 in rounds and 6-6 in points.

Marcune weighed 129¾, Salas 130.

Budweisers Hit 3106 For 12th Highest In ABC Tournaments

Chicago, Feb. 28 (AP)—A Cincinnati bowling team appeared to have a firm grip on first place in the American Bowling Congress tournament today with the 12th highest total in ABC history.

The Budweiser beer team fashioned a sensational 3106 score last night to take over the top spot. The Ohio keglers wound up their three-game series with a smashing 1102 after games of 998 and 1006.

Watching the Buds move into the lead were members of the Strohders of Wyandotte, Mich., who had temporarily grabbed first place with a 3002 total. Toppled from first to third place was the Howard Sales five of Minneapolis. The Mill City team took the lead with 2961 last Sunday, the second day of the 93-day tourney.

Pacing the Buds, a 980 average club in one of Cincinnati's major leagues, was Jack McKiernan, with 682. Sam Coleman had 640; Jake Hetz 635; Ray Wieber 599 and Jack Remke 550. Remke had trouble in his first game, shooting an anemic 157.

A score of 3106 would have been high enough to have won 41 of the past 49 ABC tournaments. But it would not have taken the team title last year which was won by Pfeiffers, formerly E & B's of Detroit with a 3115 score.

NIT May Complete Last Berths Today

New York, Feb. 28 (AP)—Sponsors of the National Invitation Basketball Tournament will make one last review of the prospects today and then huddle by the telephone in hopes of filling the last three berths.

The 12-team tournament starts a week from tonight. Pairings, and possibly the final acceptances, will be announced Monday.

The rival NCAA tournament is expected to complete the one vacancy remaining in its list of eight invitations tomorrow and also announce first round sites and pairings. Fourteen conference champions qualify automatically.

Here are the fields at the moment:

NIT—Seton Hall, La Salle, Western Kentucky, Duquesne, St. John's of Brooklyn, Louisville, Tulsa, Manhattan and Niagara.

NCAA—Fordham, Navy, DePaul, Eastern Kentucky, Notre Dame, Oklahoma City and Seattle are the invited teams; Idaho State, Louisiana State and Lebanon Valley are in as conference representatives.

Niagara, with an 18-5 record, came into the NIT field yesterday. St. Louis will announce its NIT decision today. The Billikins were invited earlier this week. The team wants to come to New York, but Coach Eddie Hickey said it is up to university officials.

Still on the list of NIT prospects are Toledo, Akron, Georgetown (DC), Iona (NY), Murray (Ky), Florida, Tulane, and Tennessee.

Lineman Is Honored

Great Neck, Feb. 28 (AP)—Bob Wiechard, of Audubon, N. J., was honored last night by the student body of Kings Point for being selected as linebacker on the Associated Press' Little All-America football team. Wiechard, who was the Merchant Marine Academy's defensive star last fall, was presented a watch by the student body, and also received the Long Island press award. He will be graduated from the academy on Monday.

Electric Eye at Track

Yonkers, N. Y., Feb. 28 (AP)—President William H. Cane of Yonkers Raceway said today the night harness track would install the electric eye timing device when it opens for the 1953 season April 15. The unique apparatus starts to register when the first horse crosses the light beam at the start of the race. At each quarter mile intermediate clockings are registered on an infield board for spectators to see.

Etchison Defeats Meyers, Ready for Gagne Next

Ronnie Etchison won over his television rival Sonny Meyers in last night's professional wrestling show at the municipal auditorium before 1,200 fans, and the report from the boxoffice indicates an even larger crowd will see him and Verne Gagne in next Thursday's feature.

Promoter Ted Bayly of Troy told the press, "We have many reservations already for the Gagne-Etchison match, and it looks as though we may have a sell-out."

Bayly said he made the shift to Thursday night next week in order to get Gagne.

Etchison 222 and Meyers 231 put on a full 20 minutes of arm twisting and slugging last night before Ronnie started a series of flying mares that weakened his opponent, who succumbed to a reverse full nelson, in the first fall.

Meyers came back to win the second fall with a jackknife press, catching Etchison as he bounded off the ropes.

Etchison clamped a painful wrist lock on Sonny and held it for a full six minutes as the clock ticked off the time in the last fall. Meyers broke the hold and the two bounded over the canvas as the fans stood and cheered, but Etchison caught him in a backjack and won the bout.

Gagne Tougher

Wrestling fans figure the Chicago television star will have a tougher time with Gagne, one of the strongest grapplers in the sport.

In the semi-windup Jim Austeri, 220, applied a back-breaker to Frank Hurley 218 and the Boston Iron Man was unable to continue for the second fall, after losing the first to the Newark grappler in 33 minutes of real action. Austeri won with a series of disabling body slams.

Joe Muscato, 228, former Buffalo boxer, took a close decision from Eddie King, 222, Poughkeepsie real estate broker, in a 30-minute duel. Muscato softened his opponent with body slams and finished him off with a head twist.

Last night's show was the second this year at the auditorium and the 1,200 crowd, outdrawing the first 900 turnout, encouraged Promoter Bayly to line up a series of cards on which he will continue to present the biggest names in wrestling.

Local HVBL Teams Are Home Tonight

The three local squads of the Hudson Valley League are scheduled for home contests tonight.

The match drawing the most interest is the Miron Lumber vs. Rapp's Express at the Bowlodrome 7-8 alleys.

Mirons still hold a two-game lead over the Veteran Cabs of Poughkeepsie who also have a home encounter tonight with the Poughkeepsie Orphans.

Kingston's third entry in the HVBL, Elston Sport Shop, will entertain the Saugerties Recreation team on Alleys 7 and 8 at the Central Rec alleys.

Middlecoff Tied for Lead

Houston, Feb. 28 (AP) — Cary Middlecoff had a new partner today but still held a share of the $20,000 Houston Open lead. The Memphis dentist and young Mike Homa, former professional basketball star, entered the third round deadlocked with a 36-hole, five under par 139. This gave them a two-stroke advantage over the nearest opposition but 16 other golfers were within striking distance, each held a par 144 or better for 36-holes on the 7150-yard, par 72 Memorial Park course.

Mark-Ye-Well Favorite

Arcadia, Calif., Feb. 28 (AP)—Mark-Ye-Well goes postward today as the heavy favorite to win the $100,000 Santa Anita handicap and add another interesting chapter to the winter racing classic. A field of eight candidates—smallest in the annals of the affair since it was launched in 1935—was entered in the mile and one-quarter scramble. There was a possibility that one, the 3-year-old outside hope, Correspondent, might be scratched.

Zaharias in Lead

Sarasota, Fla., Feb. 28 (AP)—Tampa's Babe Zaharias held a two-stroke lead going into the second round of the 54-hole Sarasota Women's Invitation golf tournament today. Mrs. Zaharias carded seven birdies in shooting a five under par 71 over the 6,463-yard Sarasota Country Club course Friday. Betsy Rawls of Spartanburg, S. C., got a 73 for second place and might have tied the Babe with a little better luck with her putts.

Reach Dixie Golf Finals

Miami, Fla., Feb. 28 (AP)—Defending champion W. A. Pagan, West Palm Beach fireman, met George Victor of Golf, Ill., in 36-hole finals of the Dixie Amateur golf tournament today at Miami Country Club. Pagan eliminated 17-year-old Dennis Felton of Miami, 4 and 3, while Victor defeated Frank Strafaci of Kew Gardens, Long Island, N. Y., 5 and 4.

Lakers Take Second In Row From Warriors

(By The Associated Press)

If the Philadelphia Warriors keep playing the Minneapolis Lakers, they'll never get into double figures in the win column.

The Lakers, leaders of the Western Division of the National Basketball Association, won their second game in as many nights from the Warriors last night in Cleveland, 98-75.

The Lakers now are four and one-half games ahead of the Rochester Royals. The Warriors, entrenched in last place in the Eastern Division of the loop, have won only nine games.

Philadelphia made a game out of it for the first half, and the Lakers walked off the floor at intermission with a slight 37-35 advantage. But in the second half George Mikan and Slater Martin went to work and it was curtains for the Warriors.

Mikan wound up the evening's work with 22 points and Slater had 20. Joe Fulks scored 23 points for a losing cause.

All other teams in the league were idle.

Hawks Blank Bruins, Take Third Place

By The Associated Press

Thre Boston Bruins meet the Chicago Black Hawks in the Windy City again tomorrow night but they're not looking forward to it.

The Hawks blanked Boston, 3-0, last night at Chicago in the only National Hockey League game played. The result moved Chicago into a third place tie with the idle Toronto Maple Leafs and dropped Boston into the fifth spot.

In the six games played between the teams at Chicago this season, the Hawks have won four with the other two ending in ties. Last Sunday, Chicago also shut out Boston, 2-0.

Jim Peters started the scoring at 3:06 of the opening period, converting passes from Gus Mortson and Cal Gardner. Then at 18:31 of the second, Bill Mosienko drove in another with assists from George Gee and Gus Bodnar. Sid Finney capped the evening's offensive midway in the third period.

It was the fifth shut out of the season for Hawk goalie Al Rollins.

Rich Flamingo On Today

Miami, Fla., Feb. 28 (AP)—This is the day of the Flamingo—the richest race ever run for three-year-old thoroughbreds — with $153,600 awaiting the first four across the finish line at Hialeah Park. Greentree Stable's entry of Straight Face and Powhatan ruled an early choice at 2 to 1 but may have to share that role with Eugene Constantin Jr.'s Royal Bay Gem and Mrs. Vera E. Bragg's Tribe. Many horsemen lean toward one or the other of the latter two in preference to the fast-breaking Straight Face.

Cardell Is Favorite

Toledo, O., Feb. 28 (AP)—Carmen Basilio of Canastota, N. Y., battles Vic Cardell of Hartford, Conn., tonight in the Toledo Sports Arena and on the ABC television network. The 10-round welterweight bout starts at 9 p. m. (EST). The two 25-year-olds have met before, with Cardell taking the split decision. He's slightly favored in the rematch.

Bezemer's 22 Points Sparks Locals' Win

Little Beacon High School threw a big scare into the camp of Kingston High School's second place DUSO League basketeers for three periods Friday night but the Maroons suddenly pulled themselves out of the nose dive and squeaked through to a slim 69 to 67 victory.

Beacon, a 7-9 team in DUSO League play before last night's fray, led all the way and for a while it certainly looked like an upset victory.

But the Kiasmen, perhaps remembering Tuesday night's historic defeat of Newburgh Free Academy, found themselves and went on to score the squeaker victory.

Maroons Home Tonight

Kingston will play the first of its last two home games of the season tonight at municipal auditorium in a makeup game against Middletown. Game time for the varsity tilt is scheduled for 8:30 p .m.

Bezemer Bags 22

Dick Bezemer, KHS center, who was the No. 1 star all night for the Maroons, emerged as the game's best scorer of the night with 22 points.

While hitting on all fours, Bezemer's all-round play also stamped him the No. 1 performer of the night.

Skip Brodhead and Bill DuBois also chipped in with double figures in the scoring column as Brodhead clicked for 19 and DuBois coming with 16.

Beacon High jumped off to a quick 24 to 18 lead in the first quarter and continued to dazzle the Maroons throughout the second period, holding a 38 to 33 edge at halftime.

Kingston began to find itself in the third canto and outscored Beacon, 13 to 10 but the home club was still out in front at the third buzzer by 48 to 46.

About midway in the final period, however, Kingston came to life and began hitting the cords with some degree of consistency.

Vital shots by Bezemer, DuBois, who clicked for two big set deuces and George Telepas, proved the margin of victory for Kingston in the waning minutes of the final quarter.

Purly Watkins, guard for Beacon, who paced his club with 18 points, was the No. 1 performer for the losers with his defensive and offensive play.

Jayvees Also Win

Paced by Tom Fleming who scored 14 points, the KHS Jayvees also won their ball game in Beacon last night by 57 to 34.

Herb Waterous followed Fleming with 11 markers while Jack Houghtaling hit for 10.

Way and Seeley each scored nine points for Beacon.

NFA Drops 88-87 Game In Overtime

Newburgh Free Academy's cagers are now working on a new streak—but far different from their once-proud 37-game winning skein, the Hilly City basketeers are now riding on a two-game losing streak.

Poughkeepsie High School, in a thrilling double overtime finish, sent NFA reeling to its second straight setback by the score of 88 to 87.

It was Newburgh's first home loss since the 1949-50 season when Monticello did the trick.

Elwell Wins Game

Conversion of two foul shots by Leo Elwell, high-scoring Poughkeepsie ace, gave the Bridge City cagers their upset triumph last night in Newburgh.

Both clubs were tied at 75-all at the end of the fourth period when Vince Stelmach, a Poughkeepsie sub, sank a two-pointer to throw the game into overtime. Newburgh had led by 74-69 with minutes to play in the final quarter.

In the first overtime session, Bob Angevine, another PHS sub, came to the fore and sank two spectacular shots to send the game into the sudden-death period.

Billy Maher pushed Newburgh ahead with a foul shot, 87-86 but Elwell converted two fouls to make it an 88-87 victory for Coach Sam Kalloch's crew.

Elwell scored 25 points in the game to send his scoring mark to 336, a new individual scoring high for Poughkeepsie.

Don Dahowski scored 21 for Poughkeepsie while Mickey "Marvel" Burkowski hit for 23 for the Goldbacks.

Liberty Wins

If it hadn't been for Poughkeepsie's thrilling victory over NFA last night, Liberty High would be in the headlines today. Liberty copped its second victory of the year last night, defeating Monticello 45 to 41.

Fallsburgh, meanwhile, kept on the heels of Kingston in the battle for second place by turning back Ellenville 65 to 50. Middletown defeated Port Jervis 69 to 50. Aaron Podhurst scored 37 points in the Fallsburgh triumph.

The standings:

DUSO League Standings

KHS Rallies to Defeat Beacon, 69-67; Middies Here Tonight

Rose Schatzel's 632 Series Tops Women's Classic League Firing

Rose Schatzel sizzled for a hefty 632 blast to feature the pin-busting Friday night in the Women's Classic League at the Bowlodrome.

The Q "Queen" opened with a solid 234 blast and followed with counts of 198 and 202 for her big triple, the No. 1 bowled in local tenpin circles last night.

Jessie Burnett came in for runnerup honors with a sturdy 596 blast topped by a 223 solo.

Harold Broskie, meanwhile, captured top honors for the male trundlers in last night's outings.

Rolling in the Ferraro Classic wheel, Broskie fired 196-247-180 for 623, the lone 600 bowled in the circuit.

Trailing Mrs. Schatzel and Mrs. Burnett in the Women's Classic came Elizabeth Schoonmaker, the KWBA prexy, who matched Rose Schatzel's 234 singleton in the opening game and finished with a 566 series.

Other top efforts included Marie Kelekian with 200-558; Ada Markle 555, Elizabeth Bruck 530; Bev Port 516; Dolores Bailey 484; Bertha Schaller 203-483; Charlotte Lapine 480; Phyl Gehringer 475; Flo Maley 203-474; Phyl Roosa 471 and Tess Moss 470.

Team results:

Regina's 2, Rowe's Shoes 1; Meyers Jewelers 2, Bruck Funeral Home 1; Perry's Taxi 3, State Diner 0; Alpine 2, Kaye Sportwair 1; San Bar 2, Manhattan Bowling Balls 1.

Buddy Greenburg's 246 solo paced him to a 586 three-timer for runnerup honors to Harold Broskie in the Ferraro Classic loop.

Marcune Awarded Split Decision

New York, Feb. 28 (AP)—It was the same old story today after a Madison Square Garden fight. Split decision again. This time Pat Marcune of Brooklyn edged out Lauro Salas, the former lightweight champion from Mexico.

It was the fifth main event out of the last seven in the garden to be decided by split, or majority vote. The bout was telecast coast to coast as were last Wednesday's fight from St. Louis and Saturday's tussle in Boston. Both of those affairs ended in splits, too, so New York hasn't any monopoly on divided verdicts.

Nine of thirteen writers at the ringside thought the slowed down Salas won the strength of a frantic rally in the final two rounds. Most of the small crowd of 4,034 (gate $10,967) apparently agreed with the decision judging by the heavy cheering against scattered boos.

The payoff, however, is on how the officials vote. Referee Petey Scalzo (5-4-1) and Judge Arthur Aidala (6-3-1) scored for Marcune, a 7 to 5 underdog, while Judge Frank Forbes had it exactly even, 5-5 in rounds and 6-6 in points.

Marcune weighed 129¾, Salas 130.

Budweisers Hit 3106 For 12th Highest In ABC Tournaments

Chicago, Feb. 28 (AP)—A Cincinnati bowling team appeared to have a firm grip on first place in the American Bowling Congress tournament today with the 12th highest total in ABC history.

The Budweiser beer team fashioned a sensational 3106 score last night to take over the top spot. The Ohio keglers wound up their three-game series with a smashing 1102 after games of 998 and 1006.

Watching the Buds move into the lead were members of the Strohders of Wyandotte, Mich., who had temporarily grabbed first place with a 3002 total. Toppled from first to third place was the Howard Sales five of Minneapolis. The Mill City team took the lead with 2961 last Sunday, the second day of the 93-day tourney.

Pacing the Buds, a 980 average club in one of Cincinnati's major leagues, was Jack McKiernan, with 682. Sam Coleman had 640; Jake Hetz 635; Ray Wieber 599 and Jack Remke 550. Remke had trouble in his first game, shooting an anemic 157.

A score of 3106 would have been high enough to have won 41 of the past 49 ABC tournaments. But it would not have taken the team title last year which was won by Pfeiffers, formerly E & B's of Detroit with a 3115 score.

NIT May Complete Last Berths Today

New York, Feb. 28 (AP)—Sponsors of the National Invitation Basketball Tournament will make one last review of the prospects today and then huddle by the telephone in hopes of filling the last three berths.

The 12-team tournament starts a week from tonight. Pairings, and possibly the final acceptances, will be announced Monday.

The rival NCAA tournament is expected to complete the one vacancy remaining in its list of eight invitations tomorrow and also announce first round sites and pairings. Fourteen conference champions qualify automatically.

Here are the fields at the moment:

NIT—Seton Hall, La Salle, Western Kentucky, Duquesne, St. John's of Brooklyn, Louisville, Tulsa, Manhattan and Niagara.

NCAA—Fordham, Navy, DePaul, Eastern Kentucky, Notre Dame, Oklahoma City and Seattle are the invited teams; Idaho State, Louisiana State and Lebanon Valley are in as conference representatives.

Niagara, with an 18-5 record, came into the NIT field yesterday. St. Louis will announce its NIT decision today. The Billikins were invited earlier this week. The team wants to come to New York, but Coach Eddie Hickey said it is up to university officials.

Still on the list of NIT prospects are Toledo, Akron, Georgetown (DC), Iona (NY), Murray (Ky), Florida, Tulane, and Tennessee.

Lineman Is Honored

Great Neck, Feb. 28 (AP)—Bob Wiechard, of Audubon, N. J., was honored last night by the student body of Kings Point for being selected as linebacker on the Associated Press' Little All-America football team. Wiechard, who was the Merchant Marine Academy's defensive star last fall, was presented a watch by the student body, and also received the Long Island press award. He will be graduated from the academy on Monday.

Electric Eye at Track

Yonkers, N. Y., Feb. 28 (AP)—President William H. Cane of Yonkers Raceway said today the night harness track would install the electric eye timing device when it opens for the 1953 season April 15. The unique apparatus starts to register when the first horse crosses the light beam at the start of the race. At each quarter mile intermediate clockings are registered on an infield board for spectators to see.

Etchison Defeats Meyers, Ready for Gagne Next

Ronnie Etchison won over his television rival Sonny Meyers in last night's professional wrestling show at the municipal auditorium before 1,200 fans, and the report from the boxoffice indicates an even larger crowd will see him and Verne Gagne in next Thursday's feature.

Promoter Ted Bayly of Troy told the press, "We have many reservations already for the Gagne-Etchison match, and it looks as though we may have a sell-out."

Bayly said he made the shift to Thursday night next week in order to get Gagne.

Etchison 222 and Meyers 231 put on a full 20 minutes of arm twisting and slugging last night before Ronnie started a series of flying mares that weakened his opponent, who succumbed to a reverse full nelson, in the first fall.

Meyers came back to win the second fall with a jackknife press, catching Etchison as he bounded off the ropes.

Etchison clamped a painful wrist lock on Sonny and held it for a full six minutes as the clock ticked off the time in the last fall. Meyers broke the hold and the two bounded over the canvas as the fans stood and cheered, but Etchison caught him in a backjack and won the bout.

Gagne Tougher

Wrestling fans figure the Chicago television star will have a tougher time with Gagne, one of the strongest grapplers in the sport.

In the semi-windup Jim Austeri, 220, applied a back-breaker to Frank Hurley 218 and the Boston Iron Man was unable to continue for the second fall, after losing the first to the Newark grappler in 33 minutes of real action. Austeri won with a series of disabling body slams.

Joe Muscato, 228, former Buffalo boxer, took a close decision from Eddie King, 222, Poughkeepsie real estate broker, in a 30-minute duel. Muscato softened his opponent with body slams and finished him off with a head twist.

Last night's show was the second this year at the auditorium and the 1,200 crowd, outdrawing the first 900 turnout, encouraged Promoter Bayly to line up a series of cards on which he will continue to present the biggest names in wrestling.

Local HVBL Teams Are Home Tonight

The three local squads of the Hudson Valley League are scheduled for home contests tonight.

The match drawing the most interest is the Miron Lumber vs. Rapp's Express at the Bowlodrome 7-8 alleys.

Mirons still hold a two-game lead over the Veteran Cabs of Poughkeepsie who also have a home encounter tonight with the Poughkeepsie Orphans.

Kingston's third entry in the HVBL, Elston Sport Shop, will entertain the Saugerties Recreation team on Alleys 7 and 8 at the Central Rec alleys.

Middlecoff Tied for Lead

Houston, Feb. 28 (AP) — Cary Middlecoff had a new partner today but still held a share of the $20,000 Houston Open lead. The Memphis dentist and young Mike Homa, former professional basketball star, entered the third round deadlocked with a 36-hole, five under par 139. This gave them a two-stroke advantage over the nearest opposition but 16 other golfers were within striking distance, each held a par 144 or better for 36-holes on the 7150-yard, par 72 Memorial Park course.

Mark-Ye-Well Favorite

Arcadia, Calif., Feb. 28 (AP)—Mark-Ye-Well goes postward today as the heavy favorite to win the $100,000 Santa Anita handicap and add another interesting chapter to the winter racing classic. A field of eight candidates—smallest in the annals of the affair since it was launched in 1935—was entered in the mile and one-quarter scramble. There was a possibility that one, the 3-year-old outside hope, Correspondent, might be scratched.

Zaharias in Lead

Sarasota, Fla., Feb. 28 (AP)—Tampa's Babe Zaharias held a two-stroke lead going into the second round of the 54-hole Sarasota Women's Invitation golf tournament today. Mrs. Zaharias carded seven birdies in shooting a five under par 71 over the 6,463-yard Sarasota Country Club course Friday. Betsy Rawls of Spartanburg, S. C., got a 73 for second place and might have tied the Babe with a little better luck with her putts.

Reach Dixie Golf Finals

Miami, Fla., Feb. 28 (AP)—Defending champion W. A. Pagan, West Palm Beach fireman, met George Victor of Golf, Ill., in 36-hole finals of the Dixie Amateur golf tournament today at Miami Country Club. Pagan eliminated 17-year-old Dennis Felton of Miami, 4 and 3, while Victor defeated Frank Strafaci of Kew Gardens, Long Island, N. Y., 5 and 4.

Lakers Take Second In Row From Warriors

(By The Associated Press)

If the Philadelphia Warriors keep playing the Minneapolis Lakers, they'll never get into double figures in the win column.

The Lakers, leaders of the Western Division of the National Basketball Association, won their second game in as many nights from the Warriors last night in Cleveland, 98-75.

The Lakers now are four and one-half games ahead of the Rochester Royals. The Warriors, entrenched in last place in the Eastern Division of the loop, have won only nine games.

Philadelphia made a game out of it for the first half, and the Lakers walked off the floor at intermission with a slight 37-35 advantage. But in the second half George Mikan and Slater Martin went to work and it was curtains for the Warriors.

Mikan wound up the evening's work with 22 points and Slater had 20. Joe Fulks scored 23 points for a losing cause.

All other teams in the league were idle.

Hawks Blank Bruins, Take Third Place

By The Associated Press

Thre Boston Bruins meet the Chicago Black Hawks in the Windy City again tomorrow night but they're not looking forward to it.

The Hawks blanked Boston, 3-0, last night at Chicago in the only National Hockey League game played. The result moved Chicago into a third place tie with the idle Toronto Maple Leafs and dropped Boston into the fifth spot.

In the six games played between the teams at Chicago this season, the Hawks have won four with the other two ending in ties. Last Sunday, Chicago also shut out Boston, 2-0.

Jim Peters started the scoring at 3:06 of the opening period, converting passes from Gus Mortson and Cal Gardner. Then at 18:31 of the second, Bill Mosienko drove in another with assists from George Gee and Gus Bodnar. Sid Finney capped the evening's offensive midway in the third period.

It was the fifth shut out of the season for Hawk goalie Al Rollins.

Rich Flamingo On Today

Miami, Fla., Feb. 28 (AP)—This is the day of the Flamingo—the richest race ever run for three-year-old thoroughbreds — with $153,600 awaiting the first four across the finish line at Hialeah Park. Greentree Stable's entry of Straight Face and Powhatan ruled an early choice at 2 to 1 but may have to share that role with Eugene Constantin Jr.'s Royal Bay Gem and Mrs. Vera E. Bragg's Tribe. Many horsemen lean toward one or the other of the latter two in preference to the fast-breaking Straight Face.

Cardell Is Favorite

Toledo, O., Feb. 28 (AP)—Carmen Basilio of Canastota, N. Y., battles Vic Cardell of Hartford, Conn., tonight in the Toledo Sports Arena and on the ABC television network. The 10-round welterweight bout starts at 9 p. m. (EST). The two 25-year-olds have met before, with Cardell taking the split decision. He's slightly favored in the rematch.

Heaviest Man in Hockey

The heaviest man in the National Hockey League is Leo Reise, defenseman of the New York Rangers. Reise weighs 210 pounds.

Bezemer's 22 Points Sparks Locals' Win

Little Beacon High School threw a big scare into the camp of Kingston High School's second place DUSO League basketeers for three periods Friday night but the Maroons suddenly pulled themselves out of the nose dive and squeaked through to a slim 69 to 67 victory.

Beacon, a 7-9 team in DUSO League play before last night's fray, led all the way and for a while it certainly looked like an upset victory.

But the Kiasmen, perhaps remembering Tuesday night's historic defeat of Newburgh Free Academy, found themselves and went on to score the squeaker victory.

Maroons Home Tonight

Kingston will play the first of its last two home games of the season tonight at municipal auditorium in a makeup game against Middletown. Game time for the varsity tilt is scheduled for 8:30 p .m.

Bezemer Bags 22

Dick Bezemer, KHS center, who was the No. 1 star all night for the Maroons, emerged as the game's best scorer of the night with 22 points.

While hitting on all fours, Bezemer's all-round play also stamped him the No. 1 performer of the night.

Skip Brodhead and Bill DuBois also chipped in with double figures in the scoring column as Brodhead clicked for 19 and DuBois coming with 16.

Beacon High jumped off to a quick 24 to 18 lead in the first quarter and continued to dazzle the Maroons throughout the second period, holding a 38 to 33 edge at halftime.

Kingston began to find itself in the third canto and outscored Beacon, 13 to 10 but the home club was still out in front at the third buzzer by 48 to 46.

About midway in the final period, however, Kingston came to life and began hitting the cords with some degree of consistency.

Vital shots by Bezemer, DuBois, who clicked for two big set deuces and George Telepas, proved the margin of victory for Kingston in the waning minutes of the final quarter.

Purly Watkins, guard for Beacon, who paced his club with 18 points, was the No. 1 performer for the losers with his defensive and offensive play.

Jayvees Also Win

Paced by Tom Fleming who scored 14 points, the KHS Jayvees also won their ball game in Beacon last night by 57 to 34.

Herb Waterous followed Fleming with 11 markers while Jack Houghtaling hit for 10.

Way and Seeley each scored nine points for Beacon.

NFA Drops 88-87 Game In Overtime

Newburgh Free Academy's cagers are now working on a new streak—but far different from their once-proud 37-game winning skein, the Hilly City basketeers are now riding on a two-game losing streak.

Poughkeepsie High School, in a thrilling double overtime finish, sent NFA reeling to its second straight setback by the score of 88 to 87.

It was Newburgh's first home loss since the 1949-50 season when Monticello did the trick.

Elwell Wins Game

Conversion of two foul shots by Leo Elwell, high-scoring Poughkeepsie ace, gave the Bridge City cagers their upset triumph last night in Newburgh.

Both clubs were tied at 75-all at the end of the fourth period when Vince Stelmach, a Poughkeepsie sub, sank a two-pointer to throw the game into overtime. Newburgh had led by 74-69 with minutes to play in the final quarter.

In the first overtime session, Bob Angevine, another PHS sub, came to the fore and sank two spectacular shots to send the game into the sudden-death period.

Billy Maher pushed Newburgh ahead with a foul shot, 87-86 but Elwell converted two fouls to make it an 88-87 victory for Coach Sam Kalloch's crew.

Elwell scored 25 points in the game to send his scoring mark to 336, a new individual scoring high for Poughkeepsie.

Don Dahowski scored 21 for Poughkeepsie while Mickey "Marvel" Burkowski hit for 23 for the Goldbacks.

Liberty Wins

If it hadn't been for Poughkeepsie's thrilling victory over NFA last night, Liberty High would be in the headlines today. Liberty copped its second victory of the year last night, defeating Monticello 45 to 41.

Fallsburgh, meanwhile, kept on the heels of Kingston in the battle for second place by turning back Ellenville 65 to 50. Middletown defeated Port Jervis 69 to 50. Aaron Podhurst scored 37 points in the Fallsburgh triumph.

The standings:

BANK BY MAIL

We like to have all our depositors come into the bank personally as often as they can, but many of them find it difficult to call at the bank every time they wish to make a deposit.

It is only necessary to have one of our bank-by-mail envelopes to make use of this handy system. These envelopes combine a deposit slip, a mail-deposit receipt and a self-addressed envelope in one complete unit. The bank will gladly supply these envelopes without cost to you.

The bank will mail back to you immediately the receipt for your deposit. A new deposit slip envelope for your next deposit by mail will be sent with your receipt. These receipts should be checked against your regular monthly statement.

Faces Hit-Run Charge

Bordentown, N. J., Feb. 28 (AP)—A state highway department junior engineer was arrested by state police yesterday in connection with a hit-and-run auto fatality Thursday night. The engineer, Michael J. Hrabovski, 30, of 1155 Bordentown, Road, Burlington, was arraigned on a charge of causing death by automobile. Magistrate Milton Josephson ordered Hrabovski held in Mt. Holly jail for a formal hearing on a hit-and-run charge Tuesday. State police said Dominic Chirico, 19, of 78-42 160th street, Flushing, Long Island, N. Y., told them he had been given a ride in Hrabovski's car Thursday night. The police said Chirico told them the car struck a pedestrian on Route 130. The pedestrian was later identified as George Smith, 49, Dunn's Mill Road, Bordentown Township.

Ex-Cop Found Guilty

New York, Feb. 28 (AP)—Suspended Negro Patrolman Stanley E. Davis was found guilty of first degree manslaughter last night by a Kings county grand jury in the fatal shooting of Arthur Battle, a Negro. The jury deliberated about four hours before rendering its verdict against the 34-year-old Davis, who contended he shot Battle to save a fellow officer. Last May 25 Davis, Patrolman Vincent Giscombe and another officer tried to search Battle's home for a gun. Davis contended that during an argument, Battle drew a knife and was shot twice in the back. Paralyzed, he died Dec. 20. Judge Samuel S. Leibowitz remanded Davis to jail without setting a sentencing date. The judge told the all-male jury: "I believe your verdict was justified by the evidence." Davis faces a maximum of 20 years in prison.

Record Registrations

Albany, Feb. 28 (AP)—Motor vehicle registrations climbed 46,952 in New York state last year, to an all-time high of 4,132,815. The total, announced yesterday by the Motor Vehicle Bureau, set a new record for the sixth consecutive year. The 1951 figure was 4,085,863. Most of the 1952 gain was in passenger cars, which jumped 40,694, to a total of 3,356,813.

What Made Him Mad

With U. S. 45th Division, Korea, Feb. 28 (AP)—It wasn't getting shot in the arm that bothered the first sergeant. What really burned him was that the bullet ruined his personal art. "I've had that tattoo for 16 years," he griped.

Faces Hit-Run Charge

Bordentown, N. J., Feb. 28 (AP) —A state highway department junior engineer was arrested by state police yesterday in connection with a hit-and-run auto fatality Thursday night. The engineer, Michael J. Hrabovski, 30, of 1155 Bordentown, Road, Burlington, was arraigned on a charge of causing death by automobile. Magistrate Milton Josephson ordered Hrabovski held in Mt. Holly jail for a formal hearing on a hit-and-run charge Tuesday. State police said Dominic Chirico, 19, of 78-42 160th street, Flushing, Long Island, N. Y., told them he had been given a ride in Hrabovski's car Thursday night. The police said Chirico told them the car struck a pedestrian on Route 130. The pedestrian was later identified as George Smith, 49, Dunn's Mill Road, Bordentown Township.

Ex-Cop Found Guilty

New York, Feb. 28 (AP)—Suspended Negro Patrolman Stanley E. Davis was found guilty of first degree manslaughter last night by a Kings county grand jury in the fatal shooting of Arthur Battle, a Negro. The jury deliberated about four hours before rendering its verdict against the 34-year-old Davis, who contended he shot Battle to save a fellow officer. Last May 25 Davis, Patrolman Vincent Giscombe and another officer tried to search Battle's home for a gun. Davis contended that during an argument, Battle drew a knife and was shot twice in the back. Paralyzed, he died Dec. 20. Judge Samuel S. Leibowitz remanded Davis to jail without setting a sentencing date. The judge told the all-male jury: "I believe your verdict was justified by the evidence." Davis faces a maximum of 20 years in prison.

Record Registrations

Albany, Feb. 28 (AP)—Motor vehicle registrations climbed 46,952 in New York state last year, to an all-time high of 4,132,815. The total, announced yesterday by the Motor Vehicle Bureau, set a new record for the sixth consecutive year. The 1951 figure was 4,085,863. Most of the 1952 gain was in passenger cars, which jumped 40,694, to a total of 3,356,813.

What Made Him Mad

With U. S. 45th Division, Korea, Feb. 28 (AP)—It wasn't getting shot in the arm that bothered the first sergeant. What really burned him was that the bullet ruined his personal art. "I've had that tattoo for 16 years," he griped.

Red Cross Fund

year, 1951-52, more than 800 members of the armed forces, veterans and families, sought services of the local chapter. Over 500 pints of blood were collected for Korean wounded in four visits of the Bloodmobile. Locally the Disaster Reilef Committee spent $1,970 to help persons in need of assistance when the Esopus creek rose to flood stage in April and damaged many properties and made many temporarily homeless. The chapter issued 640 certificates to persons completing training in safety courses.

The 1953 Fund Campaign will open officially in the county on March 1 and will be continued through the month. In Kingston plans are now being completed for a one day canvass of the city, that canvass to be made on the evening of Tuesday, March 10.

Kills Wife, Self

New York, Feb. 28 (AP)—A taxicab driver stabbed his wife to death last night and wounded a young neighbor before plunging a knife into his own heart. Dead were Michael De Bari, 55, and his wife, Carmella, 45. Police listed the deaths as murder and suicide. A Brooklyn neighbor of the couple, 18-year-old Harry Frank, said he was stabbed in the chest and slashed across the forefingers of one hand when he went to the De Baris apartment after hearing shouts and screams. The youth was reported in fair condition at a hospital.

Magsaysay to Resign

Manila, Feb. 28 (AP)—The Philippines defense secretary, Ramon Magsaysay, will resign his cabinet post tonight and withdraw from the Liberal party, an informed source said today. Such a move would leave the popular defense chief free to accept a bid from the opposition Nacionalista party to be their nominee in the November presidential election.

Jet Pilot Dies

Washington, Feb. 28 (AP)—The air force yesterday reported the death of Lt. John W. Smith, one of the pilots involved in the crash of four F-84 jet planes near Labrador last Saturday. He was the son of Mr. and Mrs. Howard B. Smith, 23 Central Drive, Port Washington, N. Y.

serted that he made the request to McInerney on July 11, 1952, in the New York office of U. S. Attorney Myles J. Lane.

Received No Comment

Fristensky said he received no commitment from McInerney concerning his request. The witness added that it was not intended for the Justice Department to refrain from investigating or prosecuting after such reports were filed.

It was feared, Fristensky testified that immediate FBI probing of the force would further weaken police morale already shaken by a gambling-graft scandal.

Lane, who was the subcommittee's third witness yesterday, said Rothengast accompanied Fristensky to the meeting and that both police officials believed Communists would use FBI questioning of police for propaganda purposes.

Heard No Mention

The U. S. attorney said he was in and out of his office during the meeting but that during the time he was present he heard no mention of an agreement. Lane testified that he had the impression that McInerney perhaps intended to experiment with Fristensky's suggestion in one case.

Monaghan was not present at the meeting because he was on vacation Fristensky and Lane testified.

Reports of an agreement came up when a federal grand jury opened an inquiry into the alleged beating of the Negro truck driver, Jacob Jackson, 31. The jury Thursday night cleared one of the policemen accused in the case.

PROCLAMATION

THE PEOPLE OF THE STATE OF NEW YORK
To the Sheriff of the County of Ulster GREETINGS:

Whereas, a Trial Term of Supreme Court and Jail Delivery is to be held in and for the County of Ulster, at the Court House in the City of Kingston, on Monday, March 2, 1953

We command you in pursuance of the provisions of Section 222-a of the Code of Criminal Procedure, in that case made and provided:

FIRST: That you summon the several persons who shall have been drawn in said County of Ulster, pursuant to law, to serve as Grand Jurors and Trial Jurors at the said Court to appear thereat.

SECOND: That you bring before the said Court all prisoners then being in the Jail of said County, together with all process and proceedings in any way concerning them in your hands as such Sheriff.

THIRD: That you make proclamation, in the manner prescribed by Section 222-c of the Code of Criminal Procedure, notifying all persons bound to appear at the said Court by recognizance or otherwise, to appear thereat, and requiring all Justices of the Peace, Coroners and other Officers who have taken any recognizance for the appearance of any person at such Court, or who shall have taken any inquisition, or the examination of any prisoner or witness, to return such recognizances, inquisitions and examinations to the said Court at the opening thereof, at the first day of its sitting.

WITNESS: Hon. Roscoe V. Elsworth, one of the Justices of the Supmeme Court of the State of New York, at the Court House in the City of Kingston, the 2nd day of February in the year one thousand nine hundred and fifty-three.

HOWARD C. ST. JOHN
District Attorney for the County of Ulster

In pursuance of the above precept, I hereby make proclamation that a term of Supreme Court of Ulster County and Jail Delivery will be held at the Court House in Kingston in and for the County of Ulster the 2nd day of March, 1953 at 11 o'clock in the forenoon of that day, and all persons who will prosecute against persons confined in the Jail of said County are required to be then and there present, to proceed as may be just; and all persons bound to appear at the said Court by recognizance or otherwise, are required to appear thereat; and all Justices of the Peace, Coroners and other Officers who may have taken any recognizance for the appearance of any person at the said Court or who may have taken any inquisition or the examination of any prisoner or witness, are required to return such recognizance inquisition and examination to the said Court at the opening thereof, at the first day of the sitting thereof and to be then and there present with their rolls and records, indictments and remembrances to do those things which to their office pertain.

Palsy Officials Attend Quarterly State Conference

Dr. Henry L. Bibby, Mrs. C. Peck and Miss Mary Keresman of United Cerebral Palsy of Ulster county are attending the quarterly meeting of United Cerebral Palsy of New York State Friday, Saturday and Sunday, Feb. 27 through March 1 at the Hotel Stalter in New York.

Plans for the 1953 state and national campaign during the month of May were the main topics of the three-day meeting. Lionel O. Grossman, president of the New York State organization, and also president of United Cerebral Palsy and Handicapped Children's Association of Syracuse, presided.

Leonard H. Goldenson, president of the National United Cerebral Palsy and also president of the newly merged American Broadcasting - Paramount Theatres, will outline national objectives in the fight against Cerebral Palsy at the state dinner scheduled tonight.

Entertainment at the dinner was Mary Farenga, of New Hyde Park, L. I., 19-year-old singer who conquered CP and is now the official Singing Sweetheart of United Cerebral Palsy, and Angela De Lancellotti, of Brooklyn, 15-year-old harpist.

Karl K. Van Meter, executive director of the national organization, and seven specialists in various fields of campaigning spoke at a campaign workshop directed by Francis Hanofee, of Liberty, chairman of the 1953 state campaign committee.

Official hosts for the meeting were United CP of Southern Westchester county, who conducted delegates on a tour of the CP Clinic of the Burke Foundation at White Plains.

Dispute Flares

Humphrey said, that the new administration would "return to low flexible price supports."

Kerr agreed, saying that "rather than a promise of help, this is a promise of doom."

Replies With Irony

Sen. Aiken (R-Vt.), chairman of the Agriculture Committee, listened to the Democratic barbs for an hour and then finally replied with deep irony.

Aiken pictured Kerr as leading "thousands and thousands of cattle raisers with bowed heads * * * holding out their hats ahead of them—and not a Homburg in the whole lot."

Then Aiken said he hoped the "pathetic" cattle growers would remember to credit "the windmill and the oil well" for their benefits as they enjoyed private airplanes, expensive automobiles, and other luxuries.

This appeared to be a reference to Humphrey, one of the Senate's most rapid talkers, and Kerr, a successful oil man.

Balkans Sign Treaty

Ankara, Turkey, Feb. 28 (AP)—Communist Yugoslavia today signed a formal treaty with Turkey and Greece declaring their joint determination to defend themselves "against any exterior force." The treaty of "friendship and cooperation" — signed in Ankara's "glasshouse" — said the three nations, Balkan neighbors, are resolved to "unite their efforts to render more efficacious organization of their defense against all outside aggression."

Egan's Condition Good

The condition of John E. Egan, Woodstock attorney who was injured in an automobile accident February 19 north of Catskill, was reported to be "very good" today at the Greene County Memorial Hospital following an operation yesterday. The operation was performed to reduce the fracture of his left leg, it was reported.

The governor also signed a bill extending until June 30, 1954 his administration's drastic loyalty law for state and local government employes.

The 1951 measure permits speedy dismissal or transfer from "security" jobs of persons suspected of subversive activities.

The State Civil Service Department said the measure had not been used so far in a single case.

The extension measure was introduced by Republican Sen. Austin W. Erwin of Geneseo.

Dewey also signed bills extending for another year the state's temporary commission on agriculture and a similar agency on flood-control cooperation with the federal government.

A transcript of the proceedings showed Dunham, at the specific direction of the committee chairman, testified he was born Oct. 10, 1905, at Mount Holly, N. J.

But the record revealed the witness, when asked about his educational background, said he sought protection of the Fifth Amendment on the grounds that to answer might incriminate him.

The committee decided to refer the case to the House and seek a resolution asking the Justice Department to charge Dunham with contempt.

Kills Wife, Self

New York, Feb. 28 (AP)—A taxicab driver stabbed his wife to death last night and wounded a young neighbor before plunging a knife into his own heart. Dead were Michael De Bari, 55, and his wife, Carmella, 45. Police listed the deaths as murder and suicide. A Brooklyn neighbor of the couple, 18-year-old Harry Frank, said he was stabbed in the chest and slashed across the forefingers of one hand when he went to the De Baris apartment after hearing shouts and screams. The youth was reported in fair condition at a hospital.

Magsaysay to Resign

Manila, Feb. 28 (AP)—The Philippines defense secretary, Ramon Magsaysay, will resign his cabinet post tonight and withdraw from the Liberal party, an informed source said today. Such a move would leave the popular defense chief free to accept a bid from the opposition Nacionalista party to be their nominee in the November presidential election.

serted that he made the request to McInerney on July 11, 1952, in the New York office of U. S. Attorney Myles J. Lane.

Received No Comment

Fristensky said he received no commitment from McInerney concerning his request. The witness added that it was not intended for the Justice Department to refrain from investigating or prosecuting after such reports were filed.

It was feared, Fristensky testified that immediate FBI probing of the force would further weaken police morale already shaken by a gambling-graft scandal.

Lane, who was the subcommittee's third witness yesterday, said Rothengast accompanied Fristensky to the meeting and that both police officials believed Communists would use FBI questioning of police for propaganda purposes.

Heard No Mention

The U. S. attorney said he was in and out of his office during the meeting but that during the time he was present he heard no mention of an agreement. Lane testified that he had the impression that McInerney perhaps intended to experiment with Fristensky's suggestion in one case.

Monaghan was not present at the meeting because he was on vacation Fristensky and Lane testified.

Reports of an agreement came up when a federal grand jury opened an inquiry into the alleged beating of the Negro truck driver, Jacob Jackson, 31. The jury Thursday night cleared one of the policemen accused in the case.

PROCLAMATION

THE PEOPLE OF THE STATE OF NEW YORK

To the Sheriff of the County of Ulster GREETINGS:

Whereas, a Trial Term of Supreme Court and Jail Delivery is to be held in and for the County of Ulster, at the Court House in the City of Kingston, on Monday, March 2, 1953

We command you in pursuance of the provisions of Section 222-a of the Code of Criminal Procedure, in that case made and provided:

FIRST: That you summon the several persons who shall have been drawn in said County of Ulster, pursuant to law, to serve as Grand Jurors and Trial Jurors at the said Court to appear thereat.

SECOND: That you bring before the said Court all prisoners then being in the Jail of said County, together with all process and proceedings in any way concerning them in your hands as such Sheriff.

THIRD: That you make proclamation, in the manner prescribed by Section 222-c of the Code of Criminal Procedure, notifying all persons bound to appear at the said Court by recognizance or otherwise, to appear thereat, and requiring all Justices of the Peace, Coroners and other Officers who have taken any recognizance for the appearance of any person at such Court, or who shall have taken any inquisition, or the examination of any prisoner or witness, to return such recognizances, inquisitions and examinations to the said Court at the opening thereof, at the first day of its sitting.

WITNESS: Hon. Roscoe V. Elsworth, one of the Justices of the Supmeme Court of the State of New York, at the Court House in the City of Kingston, the 2nd day of February in the year one thousand nine hundred and fifty-three.

HOWARD C. ST. JOHN
District Attorney for the County of Ulster

In pursuance of the above precept, I hereby make proclamation that a term of Supreme Court of Ulster County and Jail Delivery will be held at the Court House in Kingston in and for the County of Ulster the 2nd day of March, 1953 at 11 o'clock in the forenoon of that day, and all persons who will prosecute against persons confined in the Jail of said County are required to be then and there present, to proceed as may be just; and all persons bound to appear at the said Court by recognizance or otherwise, are required to appear thereat; and all Justices of the Peace, Coroners and other Officers who may have taken any recognizance for the appearance of any person at the said Court or who may have taken any inquisition or the examination of any prisoner or witness, are required to return such recognizance inquisition and examination to the said Court at the opening thereof, at the first day of the sitting thereof and to be then and there present with their rolls and records, indictments and remembrances to do those things which to their office pertain.

Dated, City of Kingston, N. Y., February 4, 1953.

Palsy Officials Attend Quarterly State Conference

Dr. Henry L. Bibby, Mrs. C. Peck and Miss Mary Keresman of United Cerebral Palsy of Ulster county are attending the quarterly meeting of United Cerebral Palsy of New York State Friday, Saturday and Sunday, Feb. 27 through March 1 at the Hotel Stalter in New York.

Plans for the 1953 state and national campaign during the month of May were the main topics of the three-day meeting. Lionel O. Grossman, president of the New York State organization, and also president of United Cerebral Palsy and Handicapped Children's Association of Syracuse, presided.

Leonard H. Goldenson, president of the National United Cerebral Palsy and also president of the newly merged American Broadcasting - Paramount Theatres, will outline national objectives in the fight against Cerebral Palsy at the state dinner scheduled tonight.

Entertainment at the dinner was Mary Farenga, of New Hyde Park, L. I., 19-year-old singer who conquered CP and is now the official Singing Sweetheart of United Cerebral Palsy, and Angela De Lancellotti, of Brooklyn, 15-year-old harpist.

Karl K. Van Meter, executive director of the national organization, and seven specialists in various fields of campaigning spoke at a campaign workshop directed by Francis Hanofee, of Liberty, chairman of the 1953 state campaign committee.

Official hosts for the meeting were United CP of Southern Westchester county, who conducted delegates on a tour of the CP Clinic of the Burke Foundation at White Plains.

Dispute Flares

Humphrey said, that the new administration would "return to low flexible price supports."

Kerr agreed, saying that "rather than a promise of help, this is a promise of doom."

Replies With Irony

Sen. Aiken (R-Vt.), chairman of the Agriculture Committee, listened to the Democratic barbs for an hour and then finally replied with deep irony.

Aiken pictured Kerr as leading "thousands and thousands of cattle raisers with bowed heads * * * holding out their hats ahead of them—and not a Homburg in the whole lot."

Then Aiken said he hoped the "pathetic" cattle growers would remember to credit "the windmill and the oil well" for their benefits as they enjoyed private airplanes, expensive automobiles, and other luxuries.

This appeared to be a reference to Humphrey, one of the Senate's most rapid talkers, and Kerr, a successful oil man.

The governor also signed a bill extending until June 30, 1954 his administration's drastic loyalty law for state and local government employes.

The 1951 measure permits speedy dismissal or transfer from "security" jobs of persons suspected of subversive activities.

The State Civil Service Department said the measure had not been used so far in a single case.

The extension measure was introduced by Republican Sen. Austin W. Erwin of Geneseo.

Dewey also signed bills extending for another year the state's temporary commission on agriculture and a similar agency on flood-control cooperation with the federal government.

was a professor of philosophy at Temple University, Philadelphia, when subpoenaed on Feb. 12.

A transcript of the proceedings showed Dunham, at the specific direction of the committee chairman, testified he was born Oct. 10, 1905, at Mount Holly, N. J.

But the record revealed the witness, when asked about his educational background, said he sought protection of the Fifth Amendment on the grounds that to answer might incriminate him.

The committee decided to refer the case to the House and seek a resolution asking the Justice Department to charge Dunham with contempt.

Velde said another witness who appeared behind closed doors yesterday will be called again for public questioning March 17. The name of the witness was not revealed.

The Weather

SATURDAY, FEB. 28, 1953

Sun rises at 6:21 a. m.; sun sets at 5:33 p. m., EST.

Weather, partly cloudy.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 34 degrees. The highest figure recorded up to noon today was 40 degrees.

Weather Forecast

New York city and vicinity—Fair and windy today, afternoon temperatures around 40. Fair and colder tonight, low in mid 20s in city and around 20 in suburbs. Sunday fair and rather cool, high 35-40.

Eastern New York—Considerable cloudiness, rather windy and colder with snow flurries in the mountains, highest 25-30 north portion and 30-38 south portion today. Mostly cloudy with some light snow or snow flurries west and north portions and colder tonight and Sunday. Lowest tonight zero to 10 above north portion and 10-20 south portion.

Cold Weather Spreads Over Most of Nation

(By The Associated Press)

Colder weather spread over wide areas from the Rockies to the Atlantic seaboard today. Northern midwest states got the brunt of the cold mass from Canada, with temperatures in some areas dipping below zero.

The cold weather was expected to continue over the weekend, with lowest readings forecast for Minnesota—10 to 15 below zero tonight.

Snow and rain fell in northern areas. Light snow fell in Minnesota and western Wisconsin and in a narrow band from eastern Wyoming northwestward to Idaho. Rain extended from Idaho westward into western Washington. Snow flurries continued in Michigan, northern Ohio and western New York. Fair weather prevailed in other sections of the country.

Temperatures early today were mostly in the 30's and 40's over most of the region west of the Rockies and in the 60's along the gulf and in Florida.

GOP Makes Early Plans

Washington, Feb. 28 (AP)—The executive committee of the Republican National Committee charts preliminary plans for the 1954 congressional election today on the theory that, in politics, it is never too early to organize. Less than four months since their party captured the presidency and control of Congress, the strategists already are looking to November, 1954, when they hope to improve the party's slim margins in the Senate and House. Today's closed meeting was called Jan. 18, a day after Wesley Roberts of Kansas was elected national committee chairman.

Pinned as Jack Slips

Red Hook, Feb. 28 (AP)—Alfred Nobs, a 56-year-old building contractor, was killed yesterday when pinned beneath his automobile. The car slipped off a jack while he was changing a tire at his home near this Hudson valley village.

Tides reach up the Hudson river to Troy, a distance of more than 150 miles.

March Forecast

Washington, Feb. 28 (AP)—The Weather Bureau said yesterday its 30-day outlook for March calls for temperatures to average below seasonal normals west of a line extending from the eastern lake region through central Texas with the exceptions of the Pacific northwest where near normal temperatures are indicated. Above normal temperatures are predicted for the southeast and near normal for the northeast. Precipitation amounts are predicted to exceed normal over the central part of the nation from the Gulf of Mexico to the Canadian border. Seasonally normal amounts are expected elsewhere except for subnormal in the Pacific northwest, the bureau added.

Railroad Income Report

Boston, Feb. 28 (AP)—The New Haven Railroad today reported January net income, after sinking funds and income taxes, of $374,276 compared with $459,615 for the same month of last year. The January rail net income, after sinking funds, but before income taxes, was $299,825 after accrual of $100,000 for equalization of maintenance expenses as against $468,418 which included $200,000 for equalization and $300,000 credit adjustment in 1952. Other than rail income last month was $254,451 compared with $189,197 in 1952.

The Weather

SATURDAY, FEB. 28, 1953

Sun rises at 6:21 a. m.; sun sets at 5:33 p. m., EST.

Weather, partly cloudy.

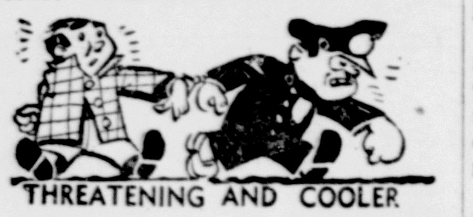
The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 34 degrees. The highest figure recorded up to noon today was 40 degrees.

Weather Forecast

New York city and vicinity—Fair and windy today, afternoon temperatures around 40. Fair and colder tonight, low in mid 20s in city and around 20 in suburbs. Sunday fair and rather cool, high 35-40.

Eastern New York—Considerable cloudiness, rather windy and colder with snow flurries in the mountains, highest 25-30 north portion and 30-38 south portion today. Mostly cloudy with some light snow or snow flurries west and north portions and colder tonight and Sunday. Lowest tonight zero to 10 above north portion and 10-20 south portion.



Cold Weather Spreads Over Most of Nation

(By The Associated Press)

Colder weather spread over wide areas from the Rockies to the Atlantic seaboard today. Northern midwest states got the brunt of the cold mass from Canada, with temperatures in some areas dipping below zero.

The cold weather was expected to continue over the weekend, with lowest readings forecast for Minnesota—10 to 15 below zero tonight.

Snow and rain fell in northern areas. Light snow fell in Minnesota and western Wisconsin and in a narrow band from eastern Wyoming northwestward to Idaho. Rain extended from Idaho westward into western Washington. Snow flurries continued in Michigan, northern Ohio and western New York. Fair weather prevailed in other sections of the country.

Temperatures early today were mostly in the 30's and 40's over most of the region west of the Rockies and in the 60's along the gulf and in Florida.

GOP Makes Early Plans

Washington, Feb. 28 (AP)—The executive committee of the Republican National Committee charts preliminary plans for the 1954 congressional election today on the theory that, in politics, it is never too early to organize. Less than four months since their party captured the presidency and control of Congress, the strategists already are looking to November, 1954, when they hope to improve the party's slim margins in the Senate and House. Today's closed meeting was called Jan. 18, a day after Wesley Roberts of Kansas was elected national committee chairman.

Pinned as Jack Slips

Red Hook, Feb. 28 (AP)—Alfred Nobs, a 56-year-old building contractor, was killed yesterday when pinned beneath his automobile. The car slipped off a jack while he was changing a tire at his home near this Hudson valley village.

Tides reach up the Hudson river to Troy, a distance of more than 150 miles.

March Forecast

Washington, Feb. 28 (AP)—The Weather Bureau said yesterday its 30-day outlook for March calls for temperatures to average below seasonal normals west of a line extending from the eastern lake region through central Texas with the exceptions of the Pacific northwest where near normal temperatures are indicated. Above normal temperatures are predicted for the southeast and near normal for the northeast. Precipitation amounts are predicted to exceed normal over the central part of the nation from the Gulf of Mexico to the Canadian border. Seasonally normal amounts are expected elsewhere except for subnormal in the Pacific northwest, the bureau added.

Railroad Income Report

Boston, Feb. 28 (AP)—The New Haven Railroad today reported January net income, after sinking funds and income taxes, of $374,276 compared with $459,615 for the same month of last year. The January rail net income, after sinking funds, but before income taxes, was $299,825 after accrual of $100,000 for equalization of maintenance expenses as against $468,418 which included $200,000 for equalization and $300,000 credit adjustment in 1952. Other than rail income last month was $254,451 compared with $189,197 in 1952.
